

In Design Technology, we will be learning about Wheels and Axles.

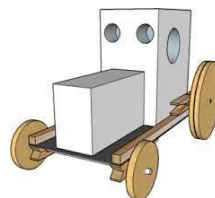

We will be creating a moving vehicle. Look at your toys at home. Do any of them have wheels? How many different types of vehicles have you got? How many of these vehicles do you see in your local area? Draw and write about your favourite wheeled toy. Try to label it and discuss why it is your favourite.

Use Spelling Shed to practise weekly spellings in a fun way. Log-ins are on the inside cover of the reading records.

Year 2 – Spring 2

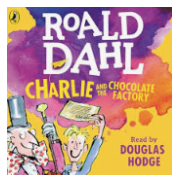

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last THURSDAY of term.

You will receive weekly spellings which will be handed out every Friday and collected in every THURSDAY.

You also have this half-term's KIRF's to practise. Remember you need to be able to recall these quickly. Use the top tips provided to help you practise in a fun way.

READ! READ! READ! Draw and write about a character from any story you have enjoyed reading at home. Remember that we are awarding Reading Champion badges for those children who meet and maintain the Year Two Reading Champion criteria.

In Science we are learning about

Animals including humans

As part of this Science topic we will be looking at how we can stay healthy.

Can you talk to an adult at home about the Eat Well plate and design a healthy plate?

In History, we will be finding out about the amazing Mary Seacole and why she is such a significant person from the past. Can you find out why Mary Seacole is remembered and some of the things she did? You could perhaps create a fact file about her.
