

# Eco Meeting

**Date:** 23rd February 2026

**Welcome:** Lacey, Isaac, Sheera, Niko, Ava, Nirmolak, Lila- Rose, Elliott, Jarek Radon

**Apologies:** Darby, Lexiann

**Minutes:** Elliott

**Agenda:**

- 1- To discuss Boundary's carbon footprint.
  - 2- Recycling- bin audit.
  - 3- Litter picking.
  - 4- AOB
- 

1. Jarek Radon was our special guest. He spoke about our carbon footprint at Boundary and how we are trying to reduce it the best we can. Most of it is caused by fuel (heating and electricity). We must remember to switch off lights, screens, water and taps.
2. Another way to reduce our carbon footprint is to reduce our rubbish by recycling it. We will carry out a bin audit and check that everyone in school is putting the rubbish in the correct bin. Brown-cardboard and paper. Small grey box for food. All other rubbish in the general rubbish bin in the classroom. Mrs Farley gave us a tick sheet to help us and we will meet again this half term to discuss it.
3. Mr Radon would like us to carry out regular litter picks. This will be arranged shortly by Mrs Farley.
4. The saplings from The Woodland Trust will be arriving in March. They will also help reduce our carbon footprint.
