

**Our Geography is all about**  
**Conservation of Bees**

We know how important bees are to humans. Can you design a garden that would be perfect for bees?

**Computing**

Can you consolidate all of the skills you have learnt from Stop Motion to create your own Stop Motion film? Remember the background, characters, the speed of the movement, title, audio and text.

**Year 3 – Summer 1**

BOUNDARY LEARNING TOGETHER

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last THURSDAY of term.

You will also receive weekly spellings and times tables tasks which will be handed out every Friday and collected in every THURSDAY. If it has not been completed, you will spend Friday break time completing it, inline with our school home learning policy. Thank you.

**READ! READ! READ! Write a book review about the Home Reading book you have read or about any text from Reading Plus.**

**Learn and perform a poem with your friends and family and come in to tell us all about it!**

**DT – Food**

Create a menu for a three-course meal (starter, main and dessert).

Think about having a varied meal including something of each section on the Eatwell plate.

**In Reading into Writing we will be learning about Non-chronological reports.**

Can you write your own non-chronological report? Think back to the work we did on climate zones and create a report about one specific climate zone – perhaps one you'd like to live in.

**Use Times Tables Rock Star to practise your multiplication skills. Use Spelling Shed to practise weekly spellings in a fun way! Use Reading Plus daily!**
