

**In History we are
learning about
MAYANS.**

Can you make a model
of a Mayan temple?
Write a description of it
to go with your model.

Year 6 – Autumn 1

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last THURSDAY of term.

You will also receive GPS and Maths homework, which will be done using Maths.co.uk and SPaG.com. This will be given out on a Friday and MUST be completed by the following Thursday. If not, you will need to use Thursday break/lunch to complete it, in line with our school home learning policy.
Thank you.

**Our ECO theme this half term
is HARVEST**

Write a report about what Harvest is. This could include the history behind the festival, why and when we celebrate it and how it is celebrated in different countries.

**Our Science is all about
LIGHT**

Make a 3D model to show how we see objects. You will need a light source, an object and an eye.

This half term you will be applying for your high school! This is an exciting time but it might leave you with lots of questions/worries. Write down your thoughts, worries and questions and we will use these in our PSHE sessions.

READ! READ! READ! Write a book review about the Home Reading book you have read or about any text from Reading Plus.

Learn your favourite poem off by heart and come to school and tell it to us all!

In Reading into Writing we will be learning about biographies and autobiographies. Write a biography about either someone in your family or a celebrity.

Use Times Tables Rock Stars to practise your multiplication skills. Also, Reading Eggs can be accessed from home so you can read to your heart's content!
