Top Tips:
The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey?
You don't need to practise them all at once: perhaps you could have a fact of the day.
If you would like more ideas, please speak to your child's teacher.

Use practical resources, for example –

- Counting objects around the home, making piles of 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 and then counting them in order to 10 and back…use sweets, Lego, fruit,
- stones, leaves etc.
- Looking for numbers up to 10 around the home and when you are out and about….can they count on or back from that number?
- What can they do in 10 seconds? Take it in turns with your child to count whilst the other performs the task, e.g. star jumps, building a Lego tower.
