Year 4 – Autumn 2

Our Learning Adventures

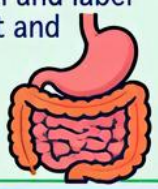

In Art, we will be exploring patterns.

Can you research how patterned Christmas wrapping paper is designed and made? Create your own festive wrapping paper design. You could draw, paint or design it digitally!

Our Science is all about Animals including humans.

Draw a picture of the human digestive system and label each component and their function.

READ! READ! READ!

Write a book review about the home reading book you have read or about any text from Reading Eggs.

Learn your favourite poem off by heart and come to school and tell it to us all!

Use Reading Eggs regularly to improve your fluency and comprehension skills.

Reading eggs

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last **THURSDAY** of term.

Our expectation is that you:

- Read at least three times a week.
- Access Reading Eggs at home.
- Practise your times tables ready for the Multiplication Check in June.

Keep trying You can do it!

In French, we will be learning how to say pets in French.

Once you have learned some of the vocabulary, can you draw and label any pets you have at home?

In Music, we will be listening and appraising a range of songs.

Can you find a piece of music that you enjoy/inspires you and explain why you like it?

In PE, we will be linking movements together to create a rhythmic sequence to music.

Record yourself creating your own short sequence of 5-6 moves. Try to include:

- A balance
- A jump
- A travelling movement

TTRS

Use Times Tables Rock Stars to practise your multiplication skills.

Use Reading Eggs daily.
