## All Parent Comments

I think the school is amazing.

My son recently moved to Boundary, and it's been the best decision I made

Overall, I am quite happy with the school and school environment

My son has made excellent progress since starting nursery, already having two other children who have been/currently at Boundary. I know my son will continue to make progress.

My child has settled well into reception. He is happy and thriving and has built good relationships with staff and his peers.

I really appreciate that the school has blogs that we can view to see what the kids are doing. It helps us to review with my child what happened at school. He is happy when we do it.

I have no problems so far, I was anticipating some challenges as my child was moving from a school in Pakistan which is very different to UK.

My children have thrived being at Boundary and continue to excel. Communicating with the school is easy and staff are accessible whenever I have specific concerns to discuss.

Boundary is a good school:)

Overall, I am very happy with school.

I am very thankful regarding each support & help my kid throughout these year

Would like more proper sports activities for all year groups

Would like to have swimming club for year 3 ,4 ,5 ,6

More different food options for the kids

More frequent the city trips for kids

School could do better with bullying.

My child has all the support she needs from school and the school is working hard to help my child to get to where they need to be.

I have no concerns with any of my children in Boundary.

I am more than happy with how well the school have worked with me and my children.

This is a very good school and the teachers are lovely.

Greatly satisfied with children's learning and progress

My child is happy in boundary

Issues my child had few weeks ago were dealt with efficiently.

I would say it's a very nice and friendly teacher and all the work. It's very good school

Lovely school, fantastic staff.

Absolutely brilliant supportive school.

Very nice school.

My children have really enjoyed their time at Boundary and are sad to be leaving this year thanks to all the staff that have helped shape their future.

I find it easy to communicate with the staff of I have an issue that they are very effective. I recommend this school to my friends.

Boundary made my children develop their self-confidence.

Sometimes I get told that I will receive a call back regarding a concern and I do not receive this. Lack of communication seems to be a problem.

Boundary primary school is a great school and would recommend it to anyone

I am really happy that my child studies at Boundary School. The teachers are very supportive, and the school provides a safe and positive environment for learning. My child enjoys going to school every day and is growing in confidence and knowledge. Thank you to all the staff for their hard work and dedication to the students.

Really good school.

We are so happy.

Lovely teachers and assistants who work here. Always welcoming.

I was too worried before as my child's first language is different than English but staff at Boundary, they take good care of my son and taught him well. He's too confident and emotionally too strong as well and always mentions his teachers.

I would like to say thanks to Boundary staff for everything they are doing at school.
