SCHOOL DEVELOPMENT TEAM

Name of Team: Pupil Learning Leadership Team

Date of Meeting: 13.11.26

Attendees: HM, NH, EB, IJ, CGM, KR, MM, LR, CK

Agenda Item	Minutes / Actions
1. New Guided Reading Approach	Pupil Voice "It is really helpful learning together as a class. Teachers guide us to find the answers ourselves rather than simply telling us." "We find it easier to answer questions because we highlight key information and work through the text together." "Teachers model how to answer different types of questions effectively, which helps us complete the independent 'cold application' tasks on Fridays with confidence." "Using strategies such as squares and triangles helps us identify and sequence information for ordering questions." "We think this approach will help us perform well in reading assessments and test papers." "The texts are still interesting and engaging." "We enjoy learning new vocabulary and having dedicated opportunities to explore the meanings of unfamiliar words."
2. New slogan – linked to values	Are you: Respectful? Inclusive? Learning? The children agreed this was a good idea and wanted to add in – ARE YOU BOUNDARY? YES!
3. Learning Walk	We walked around school and the children could articulate all about Boundary and highlight good teaching and learning memories.
4. AOB	Chalk drawings on the wall – when does this get cleaned? More art provision outside at break time
