

KS1 Reading At Home

All Saints

- We teach phonics using the Read, Write Inc programme. Here is a link to all sorts of short videos to support you when working at home with your children.

<https://ruthmiskin.com/en/find-out-more/parents/>

- Once the children are familiar with new sounds they will be sent home with a *Read, Write Inc reading book* which includes the sounds they have learnt. Your child should read this book over and over until they read it fluently and with great expression. They should be able to retell the story in their own words and answer the questions (provided for you) about the story.
- At the discretion of the class teacher your child may also be sent home with an *additional reading book* from other reading schemes. These books are not part of our phonics scheme. They will give your children practice at decoding words with sounds that they may not yet be familiar with, or words that do not follow the phonic rules. They may not be as fluent reading these books.
