

Our year so far...

CLASS 2'S ASSEMBLY

WRITING

Dear visitors I am
I'm writing this to tell you to stop
littering. If **everyone** litters animals might
get trapped in it or they can eat it which
causes them to die. You could get a
fine if you litter. You could pick up
litter so other people don't **have** to. **pl**
please can you do the right thing. Can
you put your ^{rubbish} in the ^{recycling}
bin so that it stays ^{clean}.
If you don't clean up your litter the
animals might die.
From Pete

Dear visitors,
I am writing to you to explain why
the forest needs to be the **tidiest** of
them all. If we don't pick litter up
new **won** will come.
you need to pick up litter because
you could get a fine which is very
expensive. you need to pick up litter
because it cost a lot to remove it.
PICK **UP** litter so that **ovis** don't
have to do it.
please do the right thing. Can
you put your rubbish in the bin?
If you do you will get a **pris** and
make me happy. frome pete.

Dear Visitors,
I'm writing this to tell you to
stop littering.

I want the forest to be the
coolest of them all. Litter could
kill or harm animals because
they could get trapped in it.

Please do the right thing. Can you
put your rubbish in the bin?

From Pete.

SCIENCE

Date: 19.5.26

Humans can help plants by...

water it
love it
mor soil

Humans can harm plants by...

Not water
no love

Results table

Test condition	Plant description	Stem measurement
No water	Soil: very dry	0cm
No warmth	Soil: cold	0cm
No light	Yellow shoot	7cm
Warmth, water and light		11cm

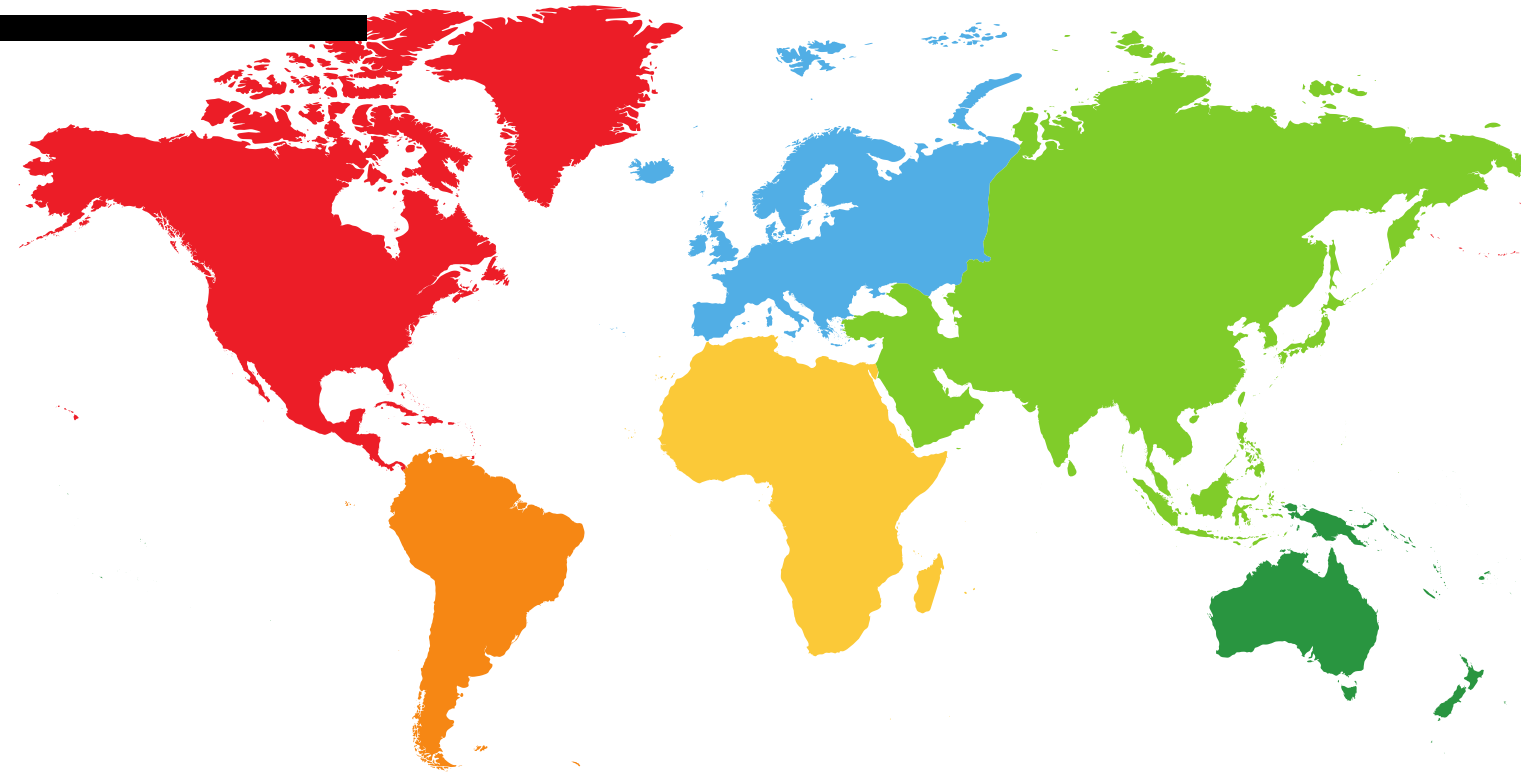

Does a seed need **light** to germinate? Explain your answer using the results.

No it is green and yellow

Water and warmth

Conclusion: what do seeds need to grow? ←

GEOGRAPHY

Learning objective: To name and locate the seven continents

Date: 9.9.25

Name: SKYDAR LUCA

Kapow Primary

NORTH POLE

iceberg

whale

A hand-drawn world map with labels for continents: NORTH America, South America, Africa, Asia, and Oceania. It includes a compass rose, a line for the Equator, and a label for the South Pole. Images of an iceberg, a whale, and penguins are pasted onto the map.

MATHS

$$\frac{1}{2}$$

$$\frac{1}{4}$$

$$\frac{1}{3}$$

Find the whole

1 One half is 3.
What is the whole?

 $\frac{1}{2}$ is 3. ✓
 $\frac{1}{2}$ of 6 = 3.
 The whole is 6.

2 One quarter is 3.
What is the whole?

 $\frac{1}{4}$ is 3.
 $\frac{1}{4}$ of 12 = 3.
 The whole is 12.

Unit and non-unit fractions

1 What fraction is shaded?
 a)  $\frac{1}{4}$
 b)  $\frac{3}{4}$
 c)  $\frac{2}{4}$
 d)  $\frac{4}{4}$

2 What fraction is shaded?
 a)  $\frac{1}{2}$
 b)  $\frac{2}{2}$

3 a) Shade $\frac{1}{3}$ of the shape. ✓
 b) Shade $\frac{2}{3}$ of the shape. ✓
 c) Shade $\frac{3}{3}$ of the shape. ✓

4 a) Draw your own picture to show three thirds shaded. ✓
 b) Draw your own picture to show four quarters shaded. ✓

Recognise a half

1 a) Practise writing one half.
 $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ ✓
 b) Now write some more of your own.
 $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ $\frac{1}{2}$ ✓

2 Shade $\frac{1}{2}$ of each shape.
 a)  ✓
 b)  ✓
 c)  ✓
 d)  ✓

3 Split each shape into halves in three different ways. ✓

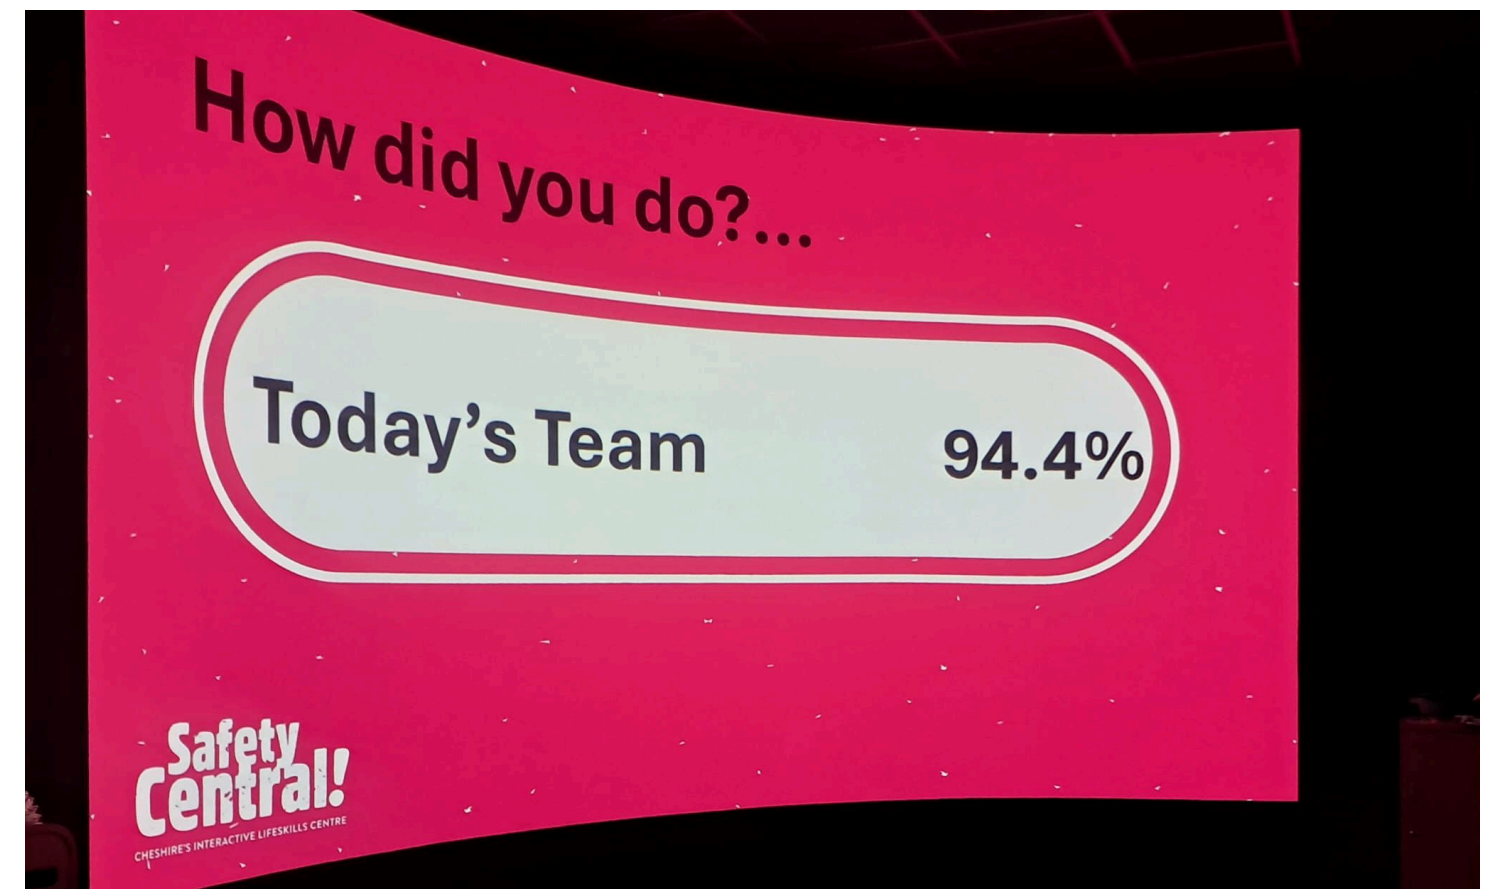

4 Tick which shapes have $\frac{1}{2}$ shaded. ✓
