

Spring 2 Class News Y4 Mr Smith & Mrs Misiukanis

Key information for parents and carers

Date: Monday 19th February 2024

Welcome back!

We hope all our children in Y4 have enjoyed a restful break over half-term and that they are looking forward to an exciting term of learning. In geography, we shall be focusing on rivers and in particular, the Great Sheffield Flood of 1864.

Maths

In maths we will be focussing on length and perimeter before moving onto fractions and decimals.

As times tables is a particular focus in Y4, please continue to help your child practice these at home.

Memorable Moment

We are looking forward to our trip to the Yorkshire Water treatment plant at Ewden. They have planned a tour of the site for us as well as hands-on activities to help our children learn about the water system and environmental concerns.

English

We are going to investigate the cause, consequences and aftermath of the Great Sheffield Flood and use our findings to write an explanation text. We shall be learning about inspirational people in our Guided Reading sessions and also look forward to using our school library each week.

Key things to do at home!

Your child will have been sent home with a reading record and a school reading book. Please try to listen to your child read every night, it can be any book/newspaper/magazine of their choice. We want to encourage a love of reading in all our children.

Your child can swap their school reading book as often as they like.

PE

Our PE days are Tuesday afternoon (swimming) and Thursday mornings (in school).

On Tuesdays, your child will need their towel and spare underwear. Please send them to school with their swimwear under their uniform.

On Thursdays, please ensure they have a white T-shirt, black shorts and trainers/plimsoles. This kit can be left in school. Please remember to tie long hair up and remove earrings as staff can't do this.

Excellence for every child every day
