# Y4 Multiplication Information Sheet

**Multiplication** is adding lots of the same number together. The symbol for multiplication is **X**.

## Repeated Addition

Multiplication is the same as repeated addition.

Here are 8 cards

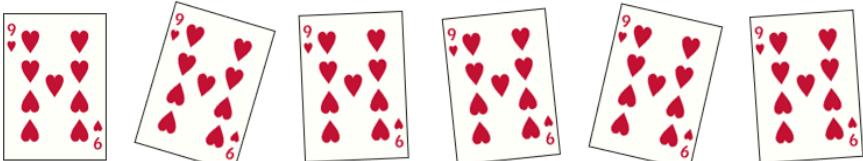

To find the total number of spades, we can use repeated addition by counting in 7s.

$$7 + 7 + 7 + 7 + 7 + 7 + 7 + 7 = \boxed{56}$$

spades

This is the same as  $8 \times 7 = 56$

There are 6 cards. How many hearts are there altogether?

$$6 \times 9 = 54$$

hearts

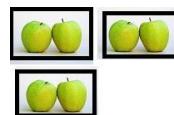

## What can you do to help your child?

We have recently adopted TT Rockstars to help improve quick recall of multiplication knowledge. Please encourage your child to use this app/website '[little and often \(5-10 minutes daily\)](#)'.

<https://ttrockstars.com/>

- Hang up this times tables sheet in your home
- Encourage your child to use the TT Rockstars app/website
- Listen to Times Tables songs (on YouTube) or play TT games
- Ask your child Times Tables questions while in the car (i.e.  $5 \times 7 = ?$ )
- Challenge your child to find 'lots' or 'groups' of objects around your home if they are struggling with their basic times tables (2,5,10s)

## Why is it important that my child has secure multiplication knowledge?

Multiplication knowledge is crucial for children to become proficient in Maths. This knowledge forms the building blocks of various topics in KS2, including division, fractions and percentages.

Quick recall of multiplication facts prevents cognitive overload and improves Maths confidence! ☺
