'Excellence for every child, every day'

Wednesday 14th January 2026

Y4 DT Voluntary Contribution

Dear Parents/Carers,

At Rivelin, we want to inspire our children with a broad knowledge of design and equip them with the skills to use and apply technology in the real-world. To enable us to do this, we are planning a summer electronics project that gives our children the opportunity to design and make their own working lighthouse. This will link to our learning about coasts and oceans and all children will take their lighthouses home at the end of the project.

Although this project will increase our expenditure on Design and Technology, it will see our children producing high-quality products, develop their problem-solving skills and expand their practical knowledge. I am writing to kindly request a voluntary contribution of £2.00 that will enable us to move forward with this project.

The voluntary contribution can be made through School Comms.

Many thanks for your ongoing support,

Mrs Misiukanis Design Technology Lead

2018-2021
