Raising Understanding of Autism and ADHD

This week's talk assembly focused on raising awareness and understanding of autism and ADHD. The children listened with respect and showed a high level of interest as they learned about how people with autism and ADHD may experience and live their lives differently. Pupils thoughtfully shared that everyone deserves respect, should be celebrated for their talents, and deserves kindness from others at all times. It was lovely to see such mature and empathetic responses. If you want to learn more, check out this link:

Young Voices

We are incredibly proud of the children who represented our school at the Young Voices concert last Friday. They were fantastic ambassadors, showing confidence, teamwork and enthusiasm throughout the event. It was a memorable experience and a wonderful opportunity for the children to perform as part of such a large-scale celebration of music. Well done to all involved!

Religious Studies

This week, our Year 1 children visited the synagogue to deepen their understanding of Jewish life. The valuable experience brought their learning to life and supported their understanding of different cultures, traditions and beliefs. In addition to this, Year 1 children have shown amazing progress in their writing during RE lessons linked to learning about Shabbat as a day of rest. They have worked hard to express their ideas clearly and thoughtfully, showing growing confidence and independence in their writing.

Excellence for every child, every day
