### Highland Cows in Art

Year 5 have been busy developing their painting skills, creating striking portraits of Highland cows. The children explored texture, colour blending and brush techniques to bring their artwork to life—fantastic creativity all round!

### Our Chicks Have Hatched!

We've had a very exciting week in Reception! After three weeks of carefully observing and learning about how the chicks were developing inside their eggs, the big moment finally arrived – our chicks hatched!

On Wednesday, the children spent a long time gathered around the incubator, watching in awe as the chicks began to pip and break out of their shells.

Our classroom is now full of happy, cheeping chicks, which the children are thoroughly enjoying caring for and observing. We are continuing to learn all about the life cycle of a chicken, building on this real-life experience!

### SEN Reviews- a note from Mrs Grayson

It has been lovely to meet with so many parents and carers during SEND reviews this week. It has been a pleasure to spend time discussing how much determination our wonderful children are demonstrating in their daily school lives. We would like to extend our sincere thanks to our parents and carers for their ongoing support and collaboration—it makes a real difference. We are also incredibly grateful to our dedicated teachers and teaching assistants, whose hard work, care, and commitment ensure every child is supported to achieve their best.

Thank you to everyone who contributes to making our school such a nurturing and inclusive environment.
