

Art Club

Tuesdays 3:15 - 4:15
Rivelin School
Summer Term 2026

At our afterschool art club, we explore process art...where children are encouraged to get hands-on with a wide range of materials and discover what they can do.

These sessions are interactive, playful and full of curiosity. Children might roll, tear, tape, build, paint, layer and experiment — turning everyday materials into something entirely their own.

There's no set outcome and no "right way" to create. Instead, children are invited to explore the possibilities of each material.

Every session is different. Every creation is unique.
Let them step, jump or leap...
