Core Language Board Magic

In Y2 this week, it was wonderful to see Miss Smith working with one of our children who uses a core language board to support communication. Miriam shared all of her favourite parts of the story they were reading together.

Parents Evenings

Thank you to all our parents and carers for supporting Parents Evening appointments this week. We really value your support. If you have any concerns or questions, please remember we are always here to help.

A Dramatic Journey on the Titanic

Year 3 stepped back in time this week during their Titanic workshop. Through plenty of drama and role play, the children brought history to life while learning and remembering key facts about the famous voyage. A fantastic, immersive learning experience for all!

Y6s Crack the Code!

The Y6 children had an exciting trip this week to an escape room where each team successfully worked together to escape! The children had an amazing time and were fantastic representatives of the school.

Excellence for every child, every day
