'Excellence for every child, every day'

Dear Parents and Carers,

This week in school we have been talking to children about internet safety and how to stay safe when using technology both in and out of school.

During our discussions, we focused on:

- The importance of keeping passwords private
- Not sharing personal information such as names, addresses, schools, or contact details
- Understanding that people online may not always be who they say they are
- Reporting any upsetting, unkind, or worrying content posted online
- Remembering that anything shared online can be saved, copied, edited, and shared by others — even if it is later deleted

We are asking for your support in reinforcing these important messages at home. Please remind your child to:

- Never respond to people asking personal questions online
- Tell a trusted adult if something makes them feel uncomfortable or upset
- Report any unkind or inappropriate posts they see or receive
- Only communicate with people they know in real life
- Think carefully before posting, as online content can be permanent

Children's voice discussions have shown that there is still work to do in this area, and we recognise that children are spending more time online than ever before. Working together, we can help ensure that all children understand how to stay safe.

If you would like any advice or support around internet safety, please do not hesitate to contact school — we are always happy to help.

Thank you for your continued support.

Yours sincerely,

Mrs Wright

Mrs Naylor – Safeguarding Lead

Miss Smith – Computing and Internet Safety Lead
