### Eco Warriors Become River Scientists

Our Eco Warriors enjoyed meeting with the Rivelin Valley Conservation Group on Wednesday to take part in monitoring the health of the River Rivelin. Working alongside local experts, the children analysed water samples and learned how the presence of different insects can be used as an indicator of river health. Using identification charts, they carefully examined and classified a range of river-dwelling invertebrates.

### Singing for Our Planet

As part of our World Environment Day celebrations, the children have been learning Colours of the Wind. The song has helped us think about our connection to nature and the importance of protecting our environment.

### Exploring Careers in Construction

Year 5 enjoyed a hands-on construction workshop, where they learned about the construction industry and explored the wide range of careers involved. They also entered a competition to design a construction site safety poster—watch this space, as the winning design could be displayed on a real construction site!
