### Aim

This policy outlines the commitment of the staff, pupils and governors of St Joseph's Catholic Primary School to ensure that equality of opportunity is available to all members of the school community. For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community.

These include:

- Pupils
- Staff
- parents/carers
- Governing body
- multi-agency staff linked to the school
- visitors to school
- students on placement

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth.

Our school mission statement: Together we love, learn and follow Jesus.

At St Joseph's we are an inclusive school and welcome all children and their families. As a Catholic school we welcome families of all faiths, as well as those with none. We recognise that it is our similarities and not our differences that unite us together.

At St Joseph's, we agree that everyone is made in the image of God. Therefore, equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential, irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination. Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

Having due regard for advancing equality involves:

- Removing or minimising disadvantages suffered by people due to their protected characteristics.

- Taking steps to meet the needs of people from protected groups where these are different from the needs of other people
- Encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

### Our School Council Statement:

Equality means that everyone is treated the same. Whether they are good at something, or bad at something, it doesn't matter - they still have the same rights as everyone else. Our Mission Statement is 'Together, We Love, Learn and Follow Jesus' and equality is shown in the word 'Together'. We have shown equality when we show respect during Black History Month, or in RE when we learn about other faiths and when we learn about other beliefs and cultures.

- Attend appropriate equality and diversity training
- Report back to the full governing board regarding any issues

The headteacher will:

- Promote knowledge and understanding of the equality objectives amongst staff and pupils
- Monitor success in achieving the objectives and report back to governors

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8. All staff will promote an inclusive and collaborative ethos in the school, challenge inappropriate language and behaviour, respond appropriately to incidents of discrimination and harassment, ensure appropriate support for children with additional needs and maintain a good level of awareness of equalities issues

All members of the school community have a responsibility to treat each other with respect, to feel valued, and to speak out if they witness or are subject to any inappropriate language or behaviour

We will take steps to ensure all visitors to the school adhere to our commitment to equality.

### Eliminating Discrimination

At St Joseph's Catholic Primary School, we recognise that all members of the school and our wider community are of equal value. The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting, it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training every year.

The Headteacher is responsible for monitoring equality issues, aided by our equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

### Advancing Equality of Opportunity

Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)

Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)

Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)
- Publish further data about any issues associated with particular protected characteristics, identifying any issues which could affect our own pupils

### Fostering Good Relations

As a school we believe that should treat each other with care, respect and kindness, and that strong positive relationships make a great school. We aim to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies, and we will also invite external speakers to contribute
- Use of Picture News for assemblies and weekly class work
- School are registered as a UNICEF Rights Respecting School
- Working with a variety of outside agencies to provide a wide variety of diversity for our children to learn and know about
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

### Publicising the Policy and Plan

This policy will be made available on the school website.

### Equality Objectives

- To ensure all children make excellent progress from their relative starting points and are not being disadvantaged by belonging to a particular group
- To develop our children's knowledge and understanding of different faiths and cultures to ensure they understand and respect equality and diversity and to help eliminate discrimination.
- To ensure our school promotes role models and inspirational people who reflect but also broaden the school's diversity in terms of race, gender, disability, religion, belief, etc.

### Monitoring Arrangements

We will review and update the equality information we publish at least each year to demonstrate how we are meeting the aims of the general public sector equality duty and to evidence progress made towards our equality objectives. Our objectives will be drawn up and published by the Governing Board at least every 4 years.

### Considering Equalities in Decision Making

Our school ensures it has due regard to equality considerations whenever significant decisions are made. We consider equality implications before and at the time that we develop policy and make decisions and continue to review these on a continuing basis. We keep a written record to show we have considered equality issues and asked relevant questions about the impact of our decisions on different groups in the school community.
