Statement of intent

All AET policies are written to support our schools and communities. We do this by ensuring they are always in line with our Colleague Values:

Applying these values to everything we do means always acting with integrity, in the interests of others, being honest, open and transparent and putting the safety of our children first.

At Wilbraham Primary school we believe that all children should be taught effectively and have the opportunity to learn. We want all children to be safe and happy throughout the day.

To enable this to happen all members of the school community, children, staff, parents and governors, will:

- Be responsible for their own actions.
- Have high expectations for their own and others behaviour.
- Respect and support each other.
- Show respect for the school environment and equipment.
- Consider the safety of everyone.
- Make a positive contribution and recognise the contribution of others.
- Be listened to and listen to others.
- Treat everyone in a fair and consistent way.
- Conform to school standards and practices without losing individuality.
- Expect good behaviour to be rewarded and accept that sanctions may be given for unacceptable behaviour.

School Rules

1. I will always try my best.
2. I will follow instructions straight away.
3. I will be kind to others.
4. I will look after everything.
5. I will listen to the person who is speaking.

In addition to the school rules each class creates their own class contract at the start of the academic year. These are developed and agreed together

Reasonable and proportionate sanctions will be used where a pupil's behaviour falls below the standard that is expected, alongside support to prevent recurring misbehaviour.

The school acknowledges that behaviour can sometimes be the result of educational needs, mental health issues, or other needs or vulnerabilities, and will address these needs via an individualised graduated response.

To help reduce the likelihood of behavioural issues related to social, emotional or mental health (SEMH), the school will aim to create a safe and calm environment in which positive mental health and wellbeing are promoted and pupils are taught to be resilient. The school will aim to promote resilience as part of a whole-school approach using the following methods:

- **Culture, ethos and environment** – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment
- **Teaching** – the curriculum is used to develop pupils' knowledge about health and wellbeing
- **Community engagement** – the school proactively engages with parents, outside agencies and the wider community to promote consistent support for pupils' health and wellbeing

All staff will be made aware of how potentially traumatic adverse childhood experiences, including abuse and neglect, can impact on a pupil's mental health, behaviour, and education. Where vulnerable pupils or groups are identified, provision will be made to support and promote their positive mental health.

Pupils will be responsible for:

- Their own behaviour both inside school and out in the wider community.
- Reporting any unacceptable behaviour to a member of staff.

Parents will be responsible for:

- Supporting their child in adhering to the school rules and reinforcing this at home.
- Informing the school of any changes in circumstances which may affect their child's behaviour.

3. Definitions

For the purposes of this policy, the school will define "serious unacceptable behaviour" as any behaviour which may cause harm to oneself or others, damage the reputation of the school within the wider community, and/or any illegal behaviour. This will include, but is not limited to, the following:

- **Discrimination** – not giving equal respect to an individual on the basis of age, disability, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation
- **Harassment** – behaviour towards others which is unwanted, offensive and affects the dignity of the individual or group of individuals
- **Vexatious behaviour** – deliberately acting in a manner so as to cause annoyance or irritation
- **Bullying** – a type of harassment which involves personal abuse or persistent actions which humiliate, intimidate, frighten or demean the individual being bullied
- **Cyberbullying** – the use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature
- Possession of legal or illegal drugs, alcohol or tobacco
- Possession of banned items
- Truancy and running away from school
- Refusing to comply with disciplinary sanctions
- Theft
- Verbal abuse, including swearing, racist remarks and threatening language
- Fighting and aggression
- Persistent disobedience or disruptive behaviour
- Extreme behaviour, such as violence and serious vandalism
- Any behaviour that threatens safety or presents a serious danger
- Any behaviour that seriously inhibits the learning of pupils
- Any behaviour that requires the immediate attention of a staff member

For the purposes of this policy, the school will define "low-level unacceptable behaviour" as any behaviour which may disrupt the education of the perpetrator and/or other pupils, including, but not limited to, the following:

- Lateness
- Low-level disruption and talking in class
- Failure to complete classwork

- Rudeness
- Lack of correct equipment
- Use of mobile phones without permission
- Graffiti

“Low-level unacceptable behaviour” may be escalated to “serious unacceptable behaviour”, depending on the severity of the behaviour.

4. Staff induction, development and support

All new staff will be inducted clearly into the school’s behaviour culture to ensure they understand its rules and routines and how best to support all pupils to participate in creating the culture of the school. Staff will be provided with bespoke training, where necessary, on the needs of pupils at the school to enable behaviour to be managed consistently.

The SLT will consider any appropriate training which is required for staff to meet their duties and functions in accordance with this policy, including on understanding matters which may affect a pupil’s behaviour, e.g. SEND and mental health needs.

Members of staff who have, or are aspiring to have, responsibilities for leading behaviour or supporting pupil wellbeing will be supported to undertake any relevant training or qualifications.

Staff will know where and how to ask for assistance if they’re struggling to build and maintain an effective culture of positive behaviour.

Staff voice will be considered when the school develops and refines its behaviour policies and procedures.

The SLT and the headteacher / Principal will review staff training needs and in response to any serious or persistent behaviour issues disrupting the running of the school.

5. Social, emotional and mental health (SEMH) needs

To help reduce the likelihood of behavioural issues related to SEMH needs, the school will create a safe and calm environment in which positive mental health and wellbeing are promoted and pupils are taught to be resilient. The school will promote resilience as part of a whole-school approach using the following methods:

- **Culture, ethos and environment** – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment
- **Teaching** – the curriculum is used to develop pupils’ knowledge about health and wellbeing
- **Community engagement** – the school proactively engages with parents, outside agencies and the wider community to promote consistent support for pupils’ health and wellbeing

All staff will be made aware of how potentially traumatic adverse childhood experiences, including abuse and neglect, can impact on a pupil's mental health, behaviour, and education. Where vulnerable pupils or groups are identified, provision will be made to support and promote their positive mental health.

6. Managing behaviour

Instances of unacceptable behaviour will be taken seriously and dealt with immediately. Staff will respond promptly, predictably and with confidence to maintain a calm, safe learning environment. Staff will consider afterwards how to prevent such behaviour from recurring.

Support, such as targeted discussions with pupils, a phone call with parents, and inquiries into circumstances outside of school by the DSL, will be provided alongside the use of sanctions to prevent the misbehaviour recurring. The majority of our children are well behaved but we must address any undesirable behaviour issues that occur. Children must be made aware that their behaviour has consequences. There will be rewards for good behaviour but equally there has to be sanctions for unacceptable behaviour. Some behaviour is low level and can be ignored or addressed with little disruption, however if it continues or the behaviour is more serious the following steps will be followed

After an initial incident of negative behaviour, the following sanctions will be considered, with staff using their professional judgement and experience to determine what is appropriate and reasonable:

- Children will always be given warnings, (the number will depend on the child and circumstances)
- Discuss the behaviour discreetly with the child and to see if there is a problem which can be resolved.
- Children can be given a time-out to prevent their behaviour from escalating, this may be done at a calm table outside the classroom if this is appropriate but should be used with caution especially with younger children
- If further action is needed, the child can then be sent to another classroom within the year group to give them time and space to reflect (the person they are sent to is not expected to deal with the behaviour.)
- For more serious incidents children may need to be sent to or, in extreme cases, removed by a senior manager.
- In serious cases the Principal or Vice Principal may become involved. In these cases, CPOMS must be completed by the member of staff dealing with the incident. Any additional staff involved will add their actions.
- A member of SLT may ask the school Behaviour Lead to become involved at any point during the above steps, however the adult dealing with the child/children will ultimately be responsible for any sanctions.

Children should only be sent to the Principal or Vice Principal in exceptional circumstances.:

If a suspension is necessary then it is recorded and the Chair of Governors notified. In the event of bullying or racist incidents, these are reported to the LAC

- The headteacher / Principal will consider whether the pupil should be suspended, in line with the school's Suspension and Exclusion Policy, and will determine the length of the suspension.
- Although unacceptable behaviour does not necessarily mean a pupil has SEND, an assessment will be carried out at this stage to determine whether there are any undiagnosed learning or communication difficulties, or mental health issues that may be contributing to the pupil's behaviour.
- Where a pupil is identified as having SEMH-related difficulties, SEND support will be put in place from the school's national SEND budget.
- Where SEND is not identified, but the headteacher / Principal determines that support is still required for the pupil, an Individual Behaviour Plan will be created to outline the necessary provisions in place.

Following further incidents of unacceptable behaviour, the following sanctions will be implemented:

In more serious cases a member of SLT may decide that one of the following sanctions may be necessary:

- Removal from a child's class either during lesson time or at break/lunch time
- Lunchtime exclusion
- Fixed term suspension
- Permanent exclusion

The headteacher / Principal will consider whether a permanent exclusion is necessary, in line with the school's Suspension and Exclusion Policy, alongside alternative options such as a managed move or off-site direction.

For discipline to be lawful, the school will ensure that:

- The decision to discipline a pupil is made by a paid member of school staff, or a member of staff authorised to do so by the headteacher / Principal.
- The decision to discipline a pupil is made on the school premises or whilst the pupil is under the charge of a member of staff, such as during an educational trip or visit.
- The decision to discipline a pupil is reasonable and will not discriminate on any grounds, e.g. equality, SEND or human rights.

The school will ensure that all discipline is reasonable in all circumstances, and will consider the pupil's age, religious requirements, SEMH needs, any SEND, and any other contributing factors, e.g. bullying, safeguarding or home life issues.

7. Oracy across the wider school environment

The school will adopt an oracy approach when addressing behaviour concerns whilst outside of the classroom, within the wider school environment. Children will develop their classroom based oracy skills to solve real life problems.

The TALK Board will be used by all adults when supporting children with behavioural issues outside of the classroom. The TALK Board will be accessible to all children and will be placed in designated areas of the school such as the playground, the canteen and the lunch hall. The TALK Board will be supported using visuals to include all pupils. Adults will follow the steps to solve behavioural issues. Children will be aware that their voice helps them solve challenging situations to validate their emotions.

Adults will encourage children to have their say before all children involved will agree that the issue has been resolved.

8. Prevention strategies, intervention, and sanctions for unacceptable behaviour

This section outlines the school's strategies for preventing unacceptable behaviour and initial interventions, minimising the severity of incidents, and using sanctions and support effectively and appropriately to improve pupils' behaviour in the future.

Initial interventions

A range of initial intervention strategies to help pupils manage their behaviour and reduce the likelihood of more severe sanctions will be used. Support will consider the pupil's specific

needs and may be delivered outside of the classroom, in small groups or in one-to-one activities. A system will be in place to ensure relevant members of the SLT and pastoral staff are aware of any pupil that is:

- Persistently misbehaving
- Not improving their behaviour following low-level sanctions
- Displaying a sudden change in behaviour from previous patterns of behaviour

Examples of initial interventions to address misbehaviour will include, but are not limited to, the following:

- Frequently engaging with parents, including home visits where necessary
- Short-term behaviour monitoring books/rewards charts
- Check-ins with a member of SLT
- Long-term behaviour plans
- Support from the Behaviour Lead/Welfare Team
- Engagement with local partners and agencies
- Working with experts in the field of need – observations, phone calls, attending meetings etc to support the staff, parents and pupil
- Where the pupil has SEND, an assessment of whether appropriate provision is in place to support the pupil, and if the pupil has an EHC plan, contact with the LA to consider a review of the plan
- A multi-agency assessment, such as an early help assessment, that goes beyond a pupil's education will be considered where serious concerns about a pupil's behaviour exist.

Behaviour curriculum

Positive behaviour will be taught to all pupils as part of the behaviour curriculum, in order to enable them to understand what behaviour is expected and encouraged and what is unacceptable. Positive reinforcement will be used by staff where expectations are met to acknowledge good behaviour and encourage repetition. The behaviour curriculum will focus on defining positive behaviour and making it clear what this looks like, including the key habits and routines required by the school, e.g. lining up quietly outside the classroom before a lesson.

Routine will be used to teach and reinforce the expected behaviours of all pupils. Appropriate and reasonable adjustments to routines for pupils with additional needs, e.g. SEND, will be made. Consistent and clear language will be used when acknowledging positive behaviour and addressing misbehaviour.

Positive teacher-pupil relationships

Positive teacher-pupil relationships are key to combatting unacceptable behaviour. The school will focus heavily on forming positive relationships based on predictability, fairness and trust to allow teachers to understand their pupils and create a strong foundation from which behavioural change can take place. At the start of each school year the whole school focuses on developing relationships and routines in the classroom and on the playground.

Well-managed classrooms are paramount to preventing disruptive and unacceptable behaviour.

Preventative measures for pupils with SEND

Behaviour will always be considered in relation to a pupil's SEND. If it is deemed that a pupil's SEND has contributed to their misbehaviour, the school will consider whether it is appropriate and lawful to sanction the pupil.

Where a pupil is identified as having SEND, the graduated approach will be used to assess, plan, deliver and review the impact of support being provided.

The school will aim to anticipate likely triggers of misbehaviour and put in place support to prevent these, taking into account the specific circumstances and requirements of the pupil concerned. Measures the school will implement where appropriate include, but are not limited to, the following:

- Short, planned movement breaks for a pupil whose SEND means they find it difficult to sit still for long
- Ensuring a pupil with visual or hearing impairment is seated in sight of the teacher
- Adjusting uniform requirements for a pupil with sensory issues or relevant medical condition
- Training for staff in understanding autism and other conditions

It is our intention that no child's learning is affected by the behaviour of peers. Our school works hard at being fully inclusive and readily works with parents/carers and outside agencies to support pupils with behavioural difficulties. Where necessary the SENCO will ensure that support plans are in place. There are certain groups of pupils who may require the adults in school to take account of their individual needs and circumstances when applying the school's behaviour policy.

De-escalation strategies

Where negative behaviour is present, staff members will implement de-escalation strategies to diffuse the situation. This will include:

- Appearing calm and using a modulated, low tone of voice
- Using simple, direct language.
- Avoiding being defensive, e.g. if comments or insults are directed at the staff member.
- Providing adequate personal space and not blocking a pupil's escape route.
- Showing open, accepting body language, e.g. not standing with their arms crossed.
- Reassuring the pupil and creating an outcome goal.
- Identifying any points of agreement to build a rapport.

- Offering the pupil, a face-saving route out of confrontation, e.g. that if they stop the behaviour, then the consequences will be lessened.
- Rephrasing requests made up of negative words with positive phrases, e.g. “if you don’t return to your seat, I won’t help you with your work” becomes “if you return to your seat, I can help you with your work”.

Physical intervention

Trained members of staff will have the legal right to use reasonable force to prevent pupils from committing an offence, injuring themselves or others, or damaging school property, and to maintain good order and discipline in the classroom.

Physical restraint will only be used as a last resort and as a method of restraint. Staff members will use their professional judgement of the incident to decide whether physical intervention is necessary. Wherever possible, staff will ensure that a second member of staff is present to witness the physical intervention used.

After an instance of physical intervention, where appropriate, the headteacher / Principal may decide to temporarily remove the pupil from the school via a suspension, in line with the DfE’s guidance on ‘Suspension and Permanent Exclusion’. Where suspension is carried out, the pupil’s parent will be asked to collect the pupil and take them home for the rest of the day – pupils will not be sent home without the school contacting their parent.

Any violent or threatening behaviour will not be tolerated by the school and may result in a fixed-term exclusion in the first instance. It is at the discretion of the headteacher / Principal as to what behaviour constitutes for an exclusion, in line with the Suspension and Exclusion Policy.

When using reasonable force in response to risks presented by incidents involving pupils with SEND or medical conditions, staff will recognise and consider the vulnerability of these groups.

Removal from the classroom

The school may decide to remove pupils from the classroom for a limited period, at the instruction of a member of staff.

The pupil will be moved to a room that is:

- In an appropriate area of the school
- Stocked with appropriate resources
- Suitable to learn and refocus
- Supervised by trained members of staff

The school will only remove pupils from the classroom where absolutely necessary and for the following reasons:

- To maintain the safety of all pupils and restore stability following an unreasonably high level of disruption
- To enable disruptive pupils to be taken to a place where education can continue in a managed environment
- To allow the pupil to regain calm in a safe space

The school will ensure that pupils' health and safety is not compromised during their time away from the classroom, and that any additional requirements, such as SEND needs, are met.

The amount of time that a pupil spends removed from the classroom will be up to the school to decide. This could be for more than one school day. The school will ensure that the pupil is not removed from the classroom any longer than necessary.

The staff member in charge and supervising the pupil will decide what the pupil may and may not do during their time spent removed from the classroom. The headteacher / Principal will request that the pupil's class teachers set them appropriate work to complete.

The headteacher / Principal will establish a clear process for the reintegration of a pupil who has been removed from the classroom when it is deemed appropriate and safe for them to return. Consideration will be given to what support is needed to help the pupil return and meet the expected standards of behaviour. Reintegration meetings will be held between the school, pupil and their parents, and other agencies if relevant, where necessary.

Pupils will be permitted to eat during the allocated times of the school day and may use the toilet as required.

9. Sexual abuse and harassment

The school will promote and enforce a zero-tolerance approach to all forms of sexual abuse and harassment, including sexual harassment, gender-based bullying and sexual violence. The school's procedures for handling child-on-child sexual abuse and harassment are detailed in the Child-on-child Abuse Policy.

The school will respond promptly and appropriately to any sexual harassment complaints in line with the Child Protection and Safeguarding Policy; appropriate steps will be taken to stop the harassment and prevent any reoccurrence. Disciplinary sanctions for incidents of sexual harassment will be determined based on the nature of the case, the ages of those involved and any previous related incidents.

Where the school is responding to a report of sexual violence, the school will take immediate steps to ensure the victim and other pupils are protected. The DSL will work closely with the police, and any other agencies as required, to ensure that any action the school takes, e.g. disciplinary sanctions, will not jeopardise the police investigation.

10. Smoking and controlled substances

In accordance with the Health Act 2006, the school is a smoke-free environment. Parents, visitors, staff and pupils will be instructed not to smoke on school grounds. Pupils will not be permitted to bring smoking materials or nicotine products to school.

The school will have a zero-tolerance policy on illegal drugs, legal highs and other controlled substances. Where incidents with pupils related to controlled substances occur, the school will follow the procedures outlined in the Child Protection and Safeguarding Policy.

11. Prohibited items, searching pupils and confiscation

Headteacher / Principals and staff authorised by them will have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item. Authorised members of staff will be permitted to use reasonable force when conducting a search without consent for the prohibited items listed below. The prohibited items where reasonable force may be used are:

- Knives and weapons.
- Alcohol.
- Illegal drugs.
- Stolen items.
- Tobacco and cigarette papers.
- Fireworks.
- Pornographic images.
- Any article that the member of staff reasonably suspects has been, or is likely to be, used:
 - To commit an offence; or
 - To cause personal injury to any person, including the pupil themselves; or
 - To damage the property of any person, including the pupil themselves.

The school will also identify the following as prohibited items which may be searched for by authorised staff without consent if necessary; however, reasonable force will not be used under any circumstances:

- E-cigarettes and vapes
- Lighters
- Aerosols
- Legal highs/psychoactive substances

The Principal/Vice Principal can use their power to search without consent for any of the items listed above.

12. Effective classroom management

Well-managed classrooms are paramount to preventing disruptive and unacceptable behaviour. Effective classroom management will allow staff to:

- Start the year with clear sets of rules and routines that are understood by all pupils.
- Establish agreed rewards and positive reinforcements.
- Establish sanctions for misbehaviour.
- Establish clear responses for handling behavioural problems.
- Encourage respect and development of positive relationships.
- Make effective use of the physical space available.
- Have well-planned lessons with a range of activities to keep pupils stimulated.

Subject to reasonable adjustments, e.g. those made for pupils whose SEND may affect their behaviour, pupils will be expected to follow the school Pupil Code of Conduct, which requires pupils to:

- Conduct themselves around the school premises in a safe, sensible and respectful manner.

- Arrive to lessons on time and fully prepared.
- Follow reasonable instructions given by staff.
- Behave in a reasonable and polite manner towards all staff and pupils.
- Show respect for the opinions and beliefs of others.
- Complete classwork as requested.
- Hand in homework at the time requested if applicable
- Report unacceptable behaviour.
- Show respect for the school environment.

Classroom rules and routines

The school will have an established set of clear, comprehensive and enforceable classroom rules which define what is acceptable behaviour and what the consequences are if rules are not adhered to. Attention is given to how rules are worded, such as the use of positive language rather than negative, e.g. “act respectfully towards your peers and teachers”, rather than “do not act disrespectfully towards your peers and teachers”.

The school will also have an established set of classroom routines to help pupils work well, in the understanding that behavioural problems can arise due to the lack of a consistent routine. This includes teachers ensuring that before lessons begin, they have the full attention of all pupils, then explaining the task clearly so all pupils understand what they are supposed to be doing.

The headteacher / Principal will ensure all teachers understand classroom rules and routines and how to enforce them, including any sanctions for not following the rules.

Teachers will support pupils to understand and follow classroom rules and routines. Teachers will inform pupils of classroom rules and routines at the beginning of the academic year and revisit these daily. Where appropriate, teachers will explain the rationale behind the rules and routines to help pupils understand why they are needed, and will model rules and routines to ensure pupils understand them. Teachers will also explain clearly to pupils what will happen if they breach any classroom rules to ensure pupils are aware of the sanctions that may be imposed.

To support pupils’ continued awareness and understanding of classroom rules and routines, teachers will reinforce them in a range of ways, e.g. placing posters of the rules on classroom walls and providing regular verbal reminders of the routines. Teachers will also ensure that classroom rules and routines remain consistent and are practised throughout the year to create a more productive and enjoyable environment.

Pupils will be confident in asking for help if they’re struggling and need support to meet the expectations of the classroom. We use Zones of Regulations to ensure children can share how they are feeling and when they may need support.

For younger pupils, parents will read the classroom rules agreement with their child and sign it on their behalf.

The classroom environment

The school understands that a well-structured classroom environment is paramount to preventing poor behaviour. This includes the teacher positioning themselves effectively within

the classroom, e.g. wherever possible, teachers avoid standing with their backs to pupils and ensure they have full view of the room at all times.

Teachers will employ strategic seating arrangements to prevent poor behaviour and enable it to be noticed early, such as:

- Seating those who frequently model poor behaviour closest to, and facing, the teacher.
- Seating those who frequently model poor behaviour away from each other.
- Ensuring the teacher can see pupils' faces, that pupils can see one another, and that they can see the board.
- Ensuring the teacher can move around the room so that behaviour can be monitored effectively.

Praise and rewards

The school will recognise that praise is key to making pupils feel valued and ensuring that their work and efforts are celebrated. When giving praise, teachers will ensure:

- They define the behaviour that is being rewarded.
- The praise is given immediately following the desired behaviour.
- The way in which the praise is given is varied.
- Praise is related to effort, rather than only to work produced.
- Perseverance and independence are encouraged.
- Praise is only given when a pupil's efforts, work or behaviour need to be recognised, rather than continuously without reason.
- The praise given is always sincere and is not followed with immediate criticism.

Whilst it is important to receive praise from teachers, the school understands that peer praise is also effective for creating a positive, fun and supportive environment. Teachers will encourage pupils to praise one another, and praise another pupil to the teacher, if they see them modelling good behaviour.

As with praise, the school understands that providing rewards after certain behaviour means that pupils are more likely to model the same behaviour again. For rewards to be effective, the school recognises that they need to be:

- **Immediate** – immediately rewarded following good behaviour.
- **Consistent** – consistently rewarded to maintain the behaviour.
- **Achievable** – keeping rewards achievable to maintain attention and motivation.
- **Fair** – making sure all pupils are fairly rewarded.

Rewards for good behaviour will include, but are not limited to:

- Verbal praise
- Communicating praise to parents
- Certificates, Chance cards and special assemblies
- Positions of responsibility, e.g. being entrusted with a particular project

13. Effective pupil support

The school recognises that the core purpose of providing alternative provision for pupils who struggle to meet expected standards of behaviour is to successfully integrate them back into the regular classroom environment. Alternative provision may also be required for pupils with additional needs.

Designated staff will have clearly defined responsibilities, enabling pupils to receive the most effective support. Designated wellbeing staff will also have an accurate view of the needs of identified pupils.

Designated staff will engage with external partners and specialist agencies to access further appropriate support when required.

14. Behaviour outside of school premises

Pupils at the school must agree to represent the school in a positive manner. The guidance laid out in the Pupil Code of Conduct will apply both inside school and out in the wider community, particularly if the pupil is dressed in school uniform.

Staff can discipline pupils for misbehaviour outside of the school premises, including conduct online, when the pupil is:

- Wearing school uniform.
- Travelling to or from school.
- Taking part in any school-related activity.
- In any way identifiable as being a pupil at the school.

Staff may also discipline pupils for misbehaviour outside the school premises, including conduct online, that:

- Could negatively affect the reputation of the school.
- Could pose a threat to another pupil, a member of staff at the school, or a member of the public.
- Could have repercussions for the orderly running of the school.

Any bullying witnessed outside of the school premises and reported to the school will be dealt with in accordance with the Anti-bullying Policy.

The school will impose the same sanctions for bullying incidents and non-criminal misbehaviour witnessed or reported outside of the school premises as would be imposed for the same behaviour conducted on school premises. Complaints from members of the public about the behaviour of pupils from the school are taken very seriously and will be dealt with in accordance with the Complaints Procedures Policy.

15. Data collection and behaviour evaluation

The school will collect data from the following sources:

- Behaviour incident data, including on removal from the classroom - via CPOMS

- Attendance, permanent exclusion and suspension data
- Use of pupil support units, off-site directions and managed moves
- Incidents of searching, screening and confiscation

The data will be monitored and objectively analysed termly by the headteacher / Principal and the SLT. Attempts will be made to identify possible factors contributing to the behaviour, any system problems or inadequacies with existing support. The data will also be analysed considering the protected characteristics under the Equality Act 2010 to inform school policies and practice.

Staff will help to paint a whole-school picture of an effective behaviour culture by being held accountable for their part in maintaining the school's behaviour systems and processes.

- **Behaviour principles written statement**

The Aspire Educational Trust committed to ensuring high behavioural standards for all pupils, and this statement sets out the broad values and principles with regard to behaviours that are expected and promoted. This statement has been approved by the Headteacher / Principal, believing it accurately reflects the school's ethos and that effective learning and development relies on good standards of behaviour.

Actual, practical applications of these principles are the responsibility of the Headteacher / Principal, who will view each case in light of these principles and any relevant policies.

Principles

The school's primary concern is the safety, wellbeing and education of all pupils; actions taken in cases of bad behaviour are with the intention of upholding their wellbeing and academic progress, as well as fulfilling our safeguarding responsibilities.

The school will create a calm and orderly environment to enable pupils to learn effectively.

The school prioritises inclusion and will ensure that all members of the school community are able to enjoy the activities of the school free from any discrimination. The school will create and maintain an atmosphere and ethos of acceptance, equality, diversity, respect, understanding and kindness throughout the school community in everyday practice. The school aims to foster a collective ethos amongst all members of the school community, and promote values of caring, empathy, teamwork and coordination.

The school endeavours to ensure that all pupils, staff and visitors feel safe in the school environment at all times through a high quality of care, support and guidance.

All pupils have a right to fulfil their greatest academic and personal potential and feel they are valued members of the school community, and should be free from bullying, discrimination and distracting peer behaviour.

The school ensures that rules that reflect and are consistent with the messages taught across the curriculum are consistently applied across the school and, where sanctions are exercised, they are in line with the school's Behaviour Policy and are taken seriously. Good behaviour at school is acknowledged and rewarded at the discretion of all staff, who will judge appropriately.

The school offers comprehensive support to pupils displaying problematic behaviour, before and/or alongside disciplinary measures, taking into account pupils' home circumstances and any SEND.

Any kind of violence, threatening behaviour or abuse between pupils, or by members of the school community towards the school's staff, will not be tolerated. If a parent does not conduct themselves properly, the school reserves the right to ban them from the school premises and, if the parent continues to cause disturbance, they may be liable to prosecution.

Guidance on the use of physical intervention will be agreed upon by the Headteacher / Principal, and is clearly set out within the school's Behaviour Policy.

The school upholds clear and effective policies with clearly defined consequences for poor behaviour, that are applied consistently and fairly by all staff.

General expectations

The school has high expectation for pupils' behaviour and conduct. These expectations are commonly understood and applied consistently and fairly. The school sets clear routines and expectations for the behaviour of pupils across all aspects of school life, not just in the classroom.

The school makes behavioural expectations and the related policies clear and accessible to members of the school community, and ensures the community agrees they are fair and reasonable. These will be made readily available to read and general expectations will be displayed in classrooms and around the school. The school's emphasis is on encouraging and praising good behaviour and supporting individuals who are struggling to meet the expected behavioural standards. Each pupil receives the necessary behavioural support according to their specific needs.

The school creates a positive and respectful culture in which staff know and care about pupils.

The school does not tolerate offensive or insulting language in any circumstances and expects polite and considerate behaviour to be maintained by all. Bullying, discrimination, sexual harassment, sexual abuse and sexual violence are not tolerated, online or offline. The school effectively addresses harmful sexual behaviour in the Behaviour Policy, which details appropriate sanctions that are applied consistently. Pupils are encouraged to report any case of bullying they experience or observe to school staff, and wherever such behaviour occurs it will be dealt with quickly, consistently and effectively.

The school supports pupils to play a highly positive role in creating an environment in which commonalities are identified and celebrated, difference is valued and nurtured, and bullying, harassment and violence are never tolerated. All pupils are taught to actively support the wellbeing of other pupils.

All pupils are expected to behave consistently well, demonstrating high levels of self-control and consistently positive attitudes to their education.

Pupils are held to high standards of attendance. The school will take swift, appropriate and action to ensure that problems of lateness and absence are handled effectively.

Staff lead by example and model their conduct in line with the school's standards. This statement, and the policies that are influenced by it, applies to all pupils and staff inside and outside of school.
