Dear Mrs Waring,

We are writing to congratulate you and your staff on your school's Key Stage 2 outcomes in 2025-26 and to recognise the significant improvement that has been achieved.

Improving outcomes requires determination, strong leadership and a collective commitment to ensuring every child receives the support and challenge they need to succeed. Your results reflect the hard work and dedication of the whole school community and demonstrate the positive impact of the approaches you have put in place.

We know that sustained improvement is rarely achieved overnight. It is the result of thoughtful planning and the consistent efforts of leaders, teachers, support staff, governors and pupils themselves. The progress made by your school is a testament to this commitment and deserves recognition.

We would like to thank you and your team for your continued focus on raising standards and improving life chances for children and young people. Your achievements this year demonstrate what can be accomplished through perseverance, collaboration and a relentless focus on improvement.

As we begin a new academic year, we look forward to building on the positive outcomes already achieved. We remain committed to supporting schools across Dorset and sharing effective practice that helps all children and young people to thrive.

Please share our thanks and congratulations with your staff team.

With best wishes,

**Lisa Gray**

Head of Service, Best Education for All

**Douglas Gilbert**
