

Welcome to Year 4.

I am so pleased to be your child's teacher this year and I am sure we are going to have a lot of fun together.

HOMEWORK

Every week your child should be reading (every night if possible). They should also be learning their times tables from 1x tables to 12x tables.

When it is needed I will be sending home other bits of homework but this will not be every week.

PE

PE is on a Wednesday, as it was last year and again please can your child come in their PE kit with a school jumper or cardigan on.

Maths

We are going to be looking at 10's, 100's and 1000's this half term—ordering, missing numbers, problem solving and lots of challenges.

SWIMMING

Friday

Afternoons

Boys need—
swim trunks,
not baggy swim
shorts, towel
and cap if they
have longer
hair.

Girls need—
Swimming
Costume and
towel. We have
some swim
caps but you
can bring your
own if you'd
like.

Thanks for your support

Mrs Clarke .

If at any point there is a problem with anything to do with your child then do ask to speak with me. We can not sort things out if we do not know about it.

I am sure we will have a fantastic time in Year 4.

The expectations are high and there is a lot of work to do but I'm sure that if we work together -your child will do the best that they can do.

English

In English this half term we are going to be looking at persuasive writing. We will be reading a book called 'The Last Wolf' and using this to produce persuasive letters and posters.

History / Geography

THE ROMANS—a very exciting topic to start the year with. Lots of timeline activities and learning about who the Romans were and why they came.

In Geography we will be looking at changes to our local environment.

Science

We are going to be electrified to learn about electricity ! Uses, dangers and an experiment or two.

We will also be having fun with Baroque art, experimenting with rhythm and composition in music, we will continue the conversational French your children began in Year3 , interesting discussions in PSHCE and P4C as well as RE and MUCH more.

Please read any letters I send home as they will contain lots of extra information and ways to support your child. Any problems—just ask :)
