National Curriculum Objectives

Use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose.

Generate, develop, model and communicate ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design.

Select from and use a wider range of tools and equipment to perform practical tasks accurately (e.g. cutting, shaping, joining, finishing).

Select from and use a wider range of materials and components, including textiles, according to their functional properties and aesthetic qualities.

Understand and use a range of textile joining techniques, including stitching, seams, and fastenings.

Apply understanding of how to strengthen, stiffen and reinforce more complex structures.

Understand how key events and individuals in design and technology have shaped the world (links to historical Viking craftsmanship and textile work).
