

# COMPUTING

## CREATING AND SHARING DIGITAL ARTIFACTS

### National Curriculum Objective

- understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration.
- select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.
- use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.

### Key Vocabulary

media	publish	edit	information	video
SEO	effects	evaluate	content	sound
Substantive- Subject Knowledge		Bigger Picture- Supporting Words		

Intents	Student
Have I used technology safely, respectfully and responsibly?
