

COMPUTING

PRODUCE, PUBLISH AND EDIT MEDIA

National Curriculum Objective

- ♣ understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration.
- ♣ use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.
- ♣ select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.
- ♣ use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.
