

# Year 4 Invasion Games

This term we will continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. We will communicate, collaborate and learn how to improve our skills through basketball. In addition, we evaluate and recognise our own successes.

Invasion Games: We will participate in team games, developing tactics for attacking and defending and understanding the rules of the game. In addition, we will apply the fundamental movements of running, jumping, footwork and special awareness. It is essential to use the skills of communication and teamwork in order to play invasion games.
