

Year 5 Gymnastics

This term we will continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. We will communicate, collaborate and learn how to improve our skills through gymnastics. In addition, we evaluate and recognise our own successes.

Gymnastics:

We will learn to develop flexibility, strength, technique, control and balance. In addition, we will compare our performances with previous ones and demonstrate improvement to achieve our personal best.

Key Vocabulary		
rotation	symmetry	crouch
90, 180 and 270 degrees	display	inclined
spinning	matching	stamina
axis	flight	core
strength	feet apart	balance
asymmetry	feet together	shape

Self-reflection questions - Gymnastics	Yes	No	Working on
Did I learn a variety of body shapes?			
Was I able to perform a symmetric and asymmetric actions?			
Was I able to move from the floor to the apparatus in different ways?			
Was I able to perform and combine movements with a group?			
Was I able to perform at different speeds, levels and directions?			
Did I improve my strength and control?			
Did I learn different stretch exercises?			
Do I understand what joints need to be stretched for gymnastics?
