

YEAR 6 BASKETBALL

This term we will continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. We will communicate, collaborate and learn how to improve our skills through basketball. In addition, we evaluate and recognise our own successes.

Basketball:

We will master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities. We will participate in team games, developing tactics for attacking and defending and understanding the rules of the game.
