Maths Focus

Play the 'Pick-Up' game! Ask your child to pick up *this many* [show 7 or 8 using a combination of fingers across BOTH hands] toys, buttons, cheerios, etc.

All About the Farm!

This week in class we have begun exploring our farm topic, and the children have really enjoyed sharing their ideas and knowledge.

In Literacy, we have been reading *What the Ladybird Heard*. The children have loved listening to the story and joining in with the rhyming words. We have spent time exploring different rhymes from the story and learning some new vocabulary along the way. The class has also been excitedly discussing our upcoming farm trip next week, and we have been talking about which animals we think we might see when we visit.

Composition

In Maths, we have been exploring the composition of the numbers 7 and 8. The children are making excellent progress and are becoming increasingly confident in using mathematical vocabulary to describe how numbers can be made in different ways.

Something Special

This week we have also been busy creating some special cards for our Mummies. The children worked very carefully on them and were excited to take them home. We hope you enjoy opening them on Sunday!

Farm Babies

During our Understanding the World sessions, we have been learning about farm animals and their young. The children have started to learn the names of baby farm animals and have been practising matching them with their mothers.

We are all very excited for our farm trip next week, and we are looking forward to seeing some of the animals we have been learning about. Polite reminder, the last day to pay for the trip is Monday 16th March. If you have any questions regarding our trip, please speak to a member of the EYFS team.

We hope you have a lovely weekend. The EYFS Team 😊

Things to remember
