

HARRIS PRIMARY SCHOOL

PRE-SCHOOL NEWSLETTER

Week ending 1st May 2026

High, low, fast and slow!

In Phonics this week, we have been working on fast, slow, high and low voices. The children thoroughly enjoyed exploring this and saying their names in different voices! We also explored the different ways our mouths move when we say different sounds. We had lots of fun making lots of silly noises!

Looking after our world!

This week, we have been reading 'Lola Plants a Garden'. The children were really engaged with this story and so wanted to visit our school garden. We had a walk there and had a look at the different vegetables that have just been planted. We saw that there were radishes and lettuces! To make sure that they grow, we gave them a water with the watering cans. We've also been observing our beans that we planted a couple of weeks ago – they are absolutely thriving! The children have loved watching them grow and are amazed at how tall some of them are already!

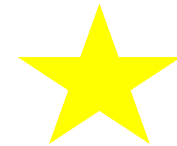

Number recognition

The children have been working super hard with their number recognition this week. One of our activities this week was for the children to identify numbers 1 to 5 and to match them with the corresponding picture (e.g. dots on a dice, tally marks, dots on a ten frame). They worked brilliantly and did some excellent counting!

Have a lovely weekend!
The Pre-School Team 😊

Things to Remember:

- Please NAME all uniform, including sun hats and water bottles. Thank you.
