

HARRIS PRIMARY SCHOOL

PRE-SCHOOL NEWSLETTER

Week ending 25th September 2026

All About Me!

We have continued our All About Me theme this week and have read 'Marmaduke the Very Different Dragon' for our book of the week. The children loved this story and enjoyed chatting about what makes them different and unique. We have celebrated everyone's differences and discussed that it's what makes us so special!

Super Fine Motor Skills

The children have been doing some threading this week. They have been carefully putting beads onto shoelaces, using their precise fine motor skills. Doing activities like this, alongside Dough Disco, really helps strengthen the children's hand muscles and is really useful in helping the children manipulate different objects and materials.

Counting

This week, the children in Pre-School have been working hard on their touch counting. Counting each object whilst touching it has really helped the children with knowing where they are up to in their counting sequence. They have also been lining up their objects to help with their counting too!

PE

Another fantastic session with Mr Ridge this week! The children had to travel across the benches and safely jump off onto the mats at the end. They were absolutely superb!

Have a great weekend!

The Pre-School Team

Things to Remember:

- Please remember to name ALL of your child's belongings.
- If you wish for your child to have a hot dinner, please order this through SchoolGrid.
- Please fill out the Photo Permissions form on School Spider.
- Individual and family photos will take place on Thursday 1st October.

Star Award
