

YEAR 1 / AUTUMN 1

Who are 'Significant' people ?

ACADEMIC EXCELLENCE	LIFE LONG LEARNING	POSSIBILITIES and RISKS	SOCIAL INTELLIGENCE
We know that only our best is good enough and we will be working hard to maximise our progress in all our learning— academic, social and emotional so that we can be the best we can be and make a positive difference to ourselves and others in our community.	We will be developing our learning skills to develop our readiness to learn, resilience, reflectiveness and resourcefulness to be the best learners we can be so that we are prepared for the challenges we will face. We will be learning from our mistakes and collaborating to have the skills to overcome any barriers.	We will explore what is possible to be achieved when we identify goals based on consideration of people as unique individuals, with their own passions and ideas. We will be challenging ourselves, extending our boundaries and developing our independence.	We will be learning how to appreciate and respect our differences and celebrate the richness of the diversity in our community and beyond, recognising all the benefits that this brings.

KEY TEXTS

ACADEMIC EXCELLENCE	We will ✓ Set challenging goals and work towards these ✓ Focus on next steps and act on feedback to improve ✓ Review progress against own targets ✓ Know that only our best is good enough
POSSIBILITIES AND RISKS	We will ✓ Provide challenging learning opportunities for children to be outside their comfort zone ✓ Encourage independence when working on tasks ✓ Join in whole class situations and 'have at go' when working independently ✓ Introduce School and Class Council

LEARNING TO LEARN	We will ✓ Review and develop our understanding of the 5Rs with particular focus on 'Readiness to Learn' in Autumn 1 ✓ Celebrate successes and learn from our mistakes ✓ Work towards Learning to Learn Awards ✓ Model effective learning skills
SOCIAL INTELLIGENCE	We will ✓ Encourage children to take on roles according to their preferences and personalities ✓ Discuss and adapt behaviours according to environments and audiences – home, school, school visits ✓ Modelling skills for social intelligence – sharing / turn taking ✓ Deliver assemblies linked to the school aims
