

Science

Animals and living things

Throughout the unit, the children will-

- Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird using scientific evidence, diagrams and labels.
- Describe the life processes of reproduction in some plants and animals by reporting and presenting findings from enquiries.
- Describe the changes as humans develop to old age using secondary sources to present findings in oral and written forms.

French

- Revising clock times and learn to tell the time to the half hour.
- Learn some adjectives of size and learn that some adjectives precede the noun.
- Continue to learn numbers, focusing on numbers 22-39.

English

Class Text- Journey to Jo'Burg by Beverley Naidoo

Planning, writing and editing -

Persuasive argument (speech), Letter writing

We will also be looking at-

- Clauses.
- Conjunctions.
- Modal verbs.
- Using commas correctly.
- Using brackets/parentheses correctly.

Maths

Multiplication and Division B

-In this block, children will build on their prior knowledge by learning how to multiply numbers with different digits (moving up to 4-digit by 2-digit). They will also revisit their understanding of division by learning about short division and dividing a 4-digit number by a 1-digit number.

Fractions B

- Multiply a unit and non-unit fraction by an integer
- Multiply a mixed number by an integer
- Calculate a fraction of a quantity
- Fraction of an amount

PE
