Science
Reversible and irreversible changes
Throughout the unit, the children will answer the questions-
-What do reversible and irreversible changes mean?
-How can you set up an investigation to find which materials can and cannot be changed back to their original state?
-How can mixtures be separated, including through filtering, sieving and evaporating?
-How has the science related to reversible and irreversible changes helped with crime work?

English
Class Text- The Lost Happy Endings by Carol Ann Duffy and Jane Ray
Planning, writing and editing – a traditional tale

-Use expanded noun phrases to convey complicated information concisely
-Describe settings, characters and atmosphere
-Integrate dialogue to convey character and advance the action
-Use of inverted commas and other punctuation to punctuate direct speech

Maths
Multiplication and division
In this block, children will build on their prior knowledge by learning about prime, square and cube numbers and how to multiply/divide by 10, 100 and 1,000.

Fractions
In this block, children will build on their prior knowledge by learning how to convert, order and add/subtract different fractions, including fractions within 1, improper fractions and mixed numbers.

French
-revise names for parts of the UK
-focus on spelling the numbers 1-12
-practise sorting words into alphabetical order
