Science
The digestive system

We will learn about the human digestive system, the organs of the body that are involved and the function of the different teeth that we have. We will build on our learning from KS1 about food chains and we will carry out some class investigations to support our learning.

English
Text: Leon and the Place Between.

We will explore this text with the aim of writing a secret diary for Leon. We will learn to ensure we use verb inflections correctly, apostrophes for the plural noun and we will use a rich and varied vocabulary to bring our writing to life.

Maths
Multiplication and division

We will learn to multiply using the 3, 6, 9 and 7 times tables and will become familiar with the multiplication facts of those tables. We will learn about area, length and perimeter.

French
We will continue to talk about animals and we will add some more to those we have already learnt. We will learn to use colours and the names of countries of the UK.

Year 4
Autumn 2 2026

RE
Prophecy and Promise
We will learn about Israel in the time of Elijah and understand the message of both Elijah and John the Baptist. We will explore how their message links to Advent.

PE
Football and gymnastics.

Music
Rhythm and Composition
We will continue to use a variety of rhythmic motifs to make our own compositions. We will learn how to change dynamics and pitch to create different sounds.

Geography
Why do so many British people go to the Mediterranean for their holidays?
We will explore the countries with a Mediterranean coastline, learning about their human and physical features. We will and a Mediterranean resort with a British coastal resort.

PSHE
Created and Loved by God
We will learn about the changes we go through during puberty, the different feelings we may experience and what we are thankful for.

DT
We will be sewing this half term with the aim of creating a Christmas gift for somebody. We will learn to join felt using several different stitches and will evaluate our final product to understand how we can learn from our work.

Computing
We will be learning about audio production. We will learn about the input and output devices required to work with sound digitally. We will also learn to understand the copyright implications of duplicating the work of others.
