

English

A Story Like the Wind

We will explore 'A Story Like the Wind', using drama opportunities and figurative language to write a flashback narrative.

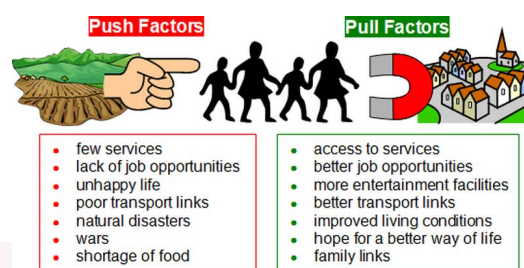

We shall explore various newspaper reports and learn how to use formal language to write a newspaper article.

Geography

Contrasting Localities

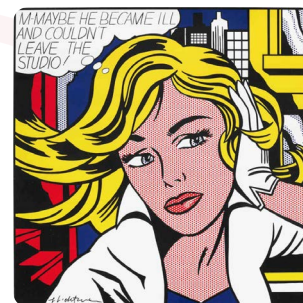

Why does the population change?
We will explore what migration is and the different push and pull factors that bring people to a country. We will collect and examine data and how this shows the influence of migration.

Art and Design

Pop Art

We will be exploring the bold and colourful world of Pop Art. Inspired by artists such as Andy Warhol and Roy Lichtenstein, we will experiment with bright colours, repeating patterns and different media to create our own striking Pop Art pieces.

Religious Education

Women as Religious Role Models

We will explore what we can learn from female biblical characters (Mary, Miriam, Hajar) and compare these to modern day religious role models (Mother Teresa, Reverend Rose Hudson-Wilkin).

PSHE

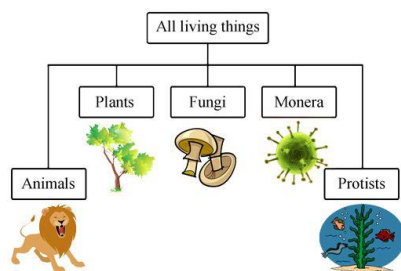

Celebrating Differences

We will explore perceptions of normality and differences of conflict and celebration. We will explore disability and link this with exclusion. We shall explore empathy in different scenarios.

Science

Living things and their Habitats

We will learn how to describe and classify living things into broad groups according to common observable characteristics, similarities and differences. These include micro-organisms, plants and animals.

Music

Notation and Composition

We will continue developing our music notation and composition skills. We shall play chord sequences on tuned percussion instruments and learn how to use chord notes to compose 4-bar melodies. We will also focus on singing in preparation for the upcoming carol concerts.

Year 6 Curriculum Autumn 2

This half term
our topic is:
Friendship

Enrichment

Forensic Science Workshop

We shall be taking part in a fascinating, hands-on workshop about forensic science.

Support your child at home:

Why not create a factfile or poster about the life of a famous Pop Artist.

Computing

We Are Advertisers

We will work in small groups to create a short video advert (using iMovie on an iPad) with a specific purpose and audience in mind. We will learn to use film-making and editing skills and how to shoot a promotional video. We shall also consider the pros and cons of search engines.

Maths

Fractions

We will be exploring fractions and building upon our previous learning to compare, order and simplify fractions - as well as add, subtract, multiply, and divide them. We shall use fractions in a variety of contexts and be ready to tackle more complex reasoning challenges.

French

Appearance and Personality

In French we will learning to describe appearance, personality and jobs for ourselves and family members.

Physical Education

Gymnastics

We will learn how to use variations in level, direction and pathway. We will combine and link actions, relating to a partner and using apparatus when developing sequences.
