Year 3 Home Learning Spring 1

This half term, children are invited to complete a range of home learning tasks linked to the curriculum and the learning taking place in class. While you are welcome to complete as many tasks as you like, we ask that you complete at least three tasks across different subjects, for example, one English, one Maths, and one from another area of the curriculum.

Home learning is due on the W/B 2nd February for children to have the opportunity to share their work with peers and teachers across the year group and receive feedback the following week.

Tasks can be completed in home learning exercise books or in any format you prefer.
