

## English

### The Night Gardener

We will be writing setting descriptions, narratives and diary entries inspired by 'The Night Gardener'. We will develop our use of expanded noun phrases, conjunctions and accurate punctuation.

## Geography

### Continents, Oceans and Climate

We will learn about the seven continents and five oceans and explore different climate zones. We will compare hot and cold places and consider what it would be like to live there.

## Design and Technology

### Puppets

We will design and make our own puppets using fabric. We will practise cutting, shaping and joining materials, including simple sewing techniques, before evaluating our final product.

## Religious Education

### Islam

We will learn about the importance of prayer in a Muslim's daily life. We will explore what happens during prayer and why it is important to Muslims.

## PSHE

### Relationships

We will learn about family relationships, friendships and resolving conflict. We will also understand who can help us and how to stay safe.

## Science

### Plants and Growth

We will investigate what plants need to grow and stay healthy. We will explore the life cycle of plants and learn how seeds are dispersed.

# Year 2 Curriculum Summer 1

This half term our topic is: Transformation

Support your child at home:

Why not practise telling the time at home and talk about different climates around the world?

## Enrichment

### Seaside / R.E. Visitor

We will take part in a beach trip and will also welcome a visitor to support our learning in R.E.

## Computing

### Programming

We will explore how games work by identifying rules and testing different types of games. We will begin to develop simple programming skills.

## Music

### Pitch

We shall play simple tunes on tuned percussion instruments and accompany songs combining melody and drone.

## French

### Colour / Pets

We shall be learning vocabulary for shades of colour, as well as pets and their features. We shall also be expressing opinions.

## Physical Education

### Games

We will develop teamwork, communication and problem-solving skills through group challenges. We will also practise aiming and control in a range of target games.
