

English

The Secret of Black Rock

We will use 'The Secret of Black Rock' by Joe Todd-Stanton as our vehicle text to write a return story narrative, including a beginning, build up, problem and ending. We will then also write a diary entry to recount events and explore emotive descriptions.

Science

Everyday Materials

In Science, we will explore everyday materials to identify what they are and how they are used in everyday life. This half term will focus on scientific enquiry linked to the topic.

wood

plastic

metal

glass

Music

Pitch

We will use tuned percussion instruments to play simple melodic patterns and we will learn new songs, using actions to indicate pitch movement.

Geography

What is it like here?

In Geography, we will explore the topic 'What is it like here?', focusing on our local environment. We will explore and draw maps, to support our understanding of our playground and classroom.

Art and Design

Colour / Kandinsky

In Art, we will explore colour and how to use it in order to create artwork based on the work of famous artist Kandinsky.

Religious Education

Judaism

In RE, we will learn about Judaism, developing our understanding of the shabbat and why it is celebrated.

PSHE

Relationships

In PSHE, our focus topic will be on the relationships in our lives. We will discuss who these relationships are with, what they should look like and how to maintain them.

Maths

Multiplication and Division / Fractions / Shape

In Maths, we will begin to explore multiplication and division, which are two of the main mathematical operations. We will then develop our understanding to apply it to fractions, finding a half and quarter of a shape and quantity.

French

Fruit and Vegetables

In French, we will learn the key vocabulary linked to fruit and vegetables. We will also express opinions and learn to ask politely.

Physical Education

Fitness / Athletics

In PE, we will practise Fitness during our indoor lessons. For outdoor lessons, we will take part in Athletics activities to prepare us for the upcoming sports day.

Year 1 Curriculum Summer 1

This half term our topic is: **Caring for our World**

Enrichment

Kew Gardens

We shall be visiting Kew Gardens to be inspired by nature and discover the unique and diverse world of plants in Kew Garden's collection.

Support your child at home:

Visit the Phonics Play and Year 1 Maths BBC Bitesize website.

Computing

We are Rhythmic

In this topic we will explore how to create and repeat sound patterns using digital tools. We will learn to record audio on an iPad and use apps like ScratchJr and GarageBand to build our own simple percussion sequences.
