

English

Egyptology

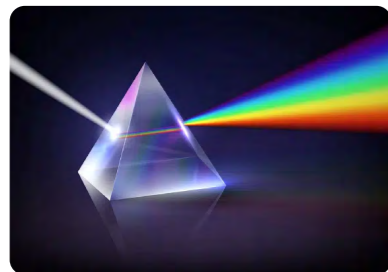

We will be exploring the text 'Egyptology', using it to inspire writing an Egyptian mystery narrative and a secret diary.

Science

Light

We will be investigating light, particularly how we see things, how light reflects off surfaces, and how shadows are formed and change size.

Music

Recorder Skills

In Music, we will continue developing our recorder playing skills. We will learn an additional note, C, and will revisit and refine the pieces learned so far in preparation for an end-of-term concert.

History

Ancient Egyptians

We will explore what was important to the Ancient Egyptians, including daily life, farming along the River Nile, the role of pharaohs and the significance of gods and goddesses.

Enrichment

Ancient Egyptian Workshop / Neasden Temple

We shall take part in an Ancient Egyptian workshop. We shall also visit Neasden Temple to support our learning in R.E.

Design Technology

Cushions

We will design, decorate and assemble our own cushions, using cross-stitch and appliqué.

Year 3 Curriculum Summer 2

This half term our topic is: Egyptians

Support your child at home:

Why not create a factfile or poster about Ancient Egyptian life and times?

Computing

Surveys / Data

We will be learning how to plan and carry out a survey on a chosen topic. We will create an online survey, collect and analyse the data, then present our findings to others.

Religious Education

Pilgrimages

We will be learning about different religious pilgrimages and their significance.

PSHE

Changing Me

We will be learning about how our bodies and feelings change as we grow. We will explore how babies develop, the changes that happen inside and outside our bodies as we grow up, and how to manage the emotions that come with these changes.

Maths

Shapes / Angles / Data

We will explore the properties of shapes, including identifying and comparing angles. We will also be collecting and representing data, as well as interpreting bar charts and pictograms.

Physical Education

Dodgeball / Tennis

We will be developing our skills in dodgeball, looking at how to dodge, block, throw and catch effectively. We will also focus on racket control, forehand and backhand strokes and rallying in tennis.
