

English

Fox

We will explore 'Fox' by Margaret Wild to inspire our own fable narratives and information reports, developing rich vocabulary, effective language, clear organisation and editing skills.

Geography

Settlements

We will explore settlements and land use by comparing urban and rural environments, identifying human and physical features, investigating how places change over time and developing our map-reading skills.

Design Technology

Seasonal Food

We will explore seasonal food in the UK, its benefits and environmental impact, before safely designing and making our own seasonal vegetable tart.

Religious Education

Hinduism - Dharma

In RE, we will explore Hindu beliefs about Dharma, devotion and God, and learn how Puja and the five senses are used in daily worship.

PSHE

Being Me in My World

In PSHE, we will celebrate our strengths, set personal goals and learn to manage emotions, make responsible choices, work cooperatively and develop resilience.

Maths

Place Value

We will develop our understanding of place value up to 1,000 before progressing to addition and subtraction, while building arithmetic fluency, problem-solving and reasoning skills.

Physical Education

Gymnastics / Games

In Outdoor PE, we will develop our balance, agility, speed and coordination through fundamental movement skills and apply these confidently in a range of games and activities.

Science

Animals including Humans

In Science, we will explore how nutrition, skeletons and muscles help humans and animals stay healthy, move and grow. We will use scientific enquiry to understand how our bodies work.

Music

Rhythmic Patterns

In Music, we will read simple rhythmic notation using semibreves, minims, crotchets and paired quavers. We will play rhythmic and melodic ostinati and will compose rhythms using music notation.

Enrichment

Green Park

We will be visiting Green Park to explore and identify a range of human and physical geographical features in a real-world setting.

Year 3 Curriculum Autumn 1

This half term
our topic is:
Values in
Action

Support your child at home:

Practise number bonds and the 2, 5 and 10 times tables. Explore balanced meals and healthy food choices.

Computing

Online Safety

We will develop our online safety skills by learning how to respond to online bullying, identify trustworthy websites and manage our digital footprint.
