Year 4 Home Learning Autumn 2

This half term, children are invited to complete a range of home learning tasks linked to the curriculum and the learning taking place in class. While you are welcome to complete as many tasks as you like, we ask that you complete at least three tasks across different subjects, for example, one English, one Maths, and one from another area of the curriculum.

Home learning is due in the week beginning 14th December, when children will have the opportunity to share their work with peers and teachers across the year group and receive feedback.

Tasks can be completed in home learning exercise books or in any format you prefer.

English		Maths		Other Curriculum Subjects	
	Design a grammar poster explaining the different types of **fronted adverbials** i.e adverbial of time, adverbial of manner etc. Challenge: include examples in sentences		1.Use Times tables Speed Test X - Timestables.co.uk to practice the timestable you need more practice in (use your heat map to guide you). 2. Write and answer a two-step multiplication word problem.		History: Create a timeline of your life, including the most important Events. Challenge: complete this for another family member and compare the similarities and differences.
	Think about non-fiction - how is it different to fiction? Create a leaflet which explains all the differences.		Research a famous mathematician. Create an interesting fact file using the information you have found out.		DT: Create a realistic biscuit sculpture using recycled plastic, inspired by artists. - Paint and decorate your sculpture. - Take inspiration: Michelle Reader
	We are reading *The Lost Happy Endings* by Carol Ann Duffy — a story full of mystery, magic, and imagination. Create a short poem or magical spell that could help protect the happy endings. It can rhyme, repeat, or use alliteration — be as creative as you like!		Create an information poster to remind others of the rules for multiplying two 2 digit-numbers and a 3-digit number by a 2 digit number i.e. 45 x 34 ____ 135 x 67 _____		Science: Make a musical instrument from objects in your House. Challenge: explain how it produces sound
	Create a short comic strip inspired by your favourite book, with dialogue using correct punctuation		Create a times tables song for the times table you are working on.		PSHE: Create a chart showing your progress towards a personal goal.
