

# What will we be learning about in Summer Term in LKS2?

## English:

In English, the children will use a variety of different stimulus throughout the term to engage and inspire the children's writing. During summer term, the children will be looking at the stories Seal Surfer and Zeraffa Giraffa and cover a range of writing such as setting descriptions, letters, persuasive leaflets and poetry. Children will also focus on spelling, punctuation, and grammar.

## RE:

Children will learn the best way for a Buddhist to lead a good life and how and where Christians worship and pray.

## French:

Children will learn all about how the different weather types and describe their favourite season.

## Geography:

What would we find at the end of a river? In this topic, the children learn about the features of rivers, and the natural and human ways that rivers change over time. They will learn the names and locations of the major rivers of the UK and the world and will also find out more about why rivers are so important to the towns and villages that have developed on their banks.

## Science:

Children will learn about how vibrations cause sounds and how sounds travel, as well as how sounds can change pitch and loudness. They will explore how are made, how sounds can change over distance and investigate the best material for soundproofing.

## Design Technology:

Children will use their knowledge of food groups to taste, evaluate and design their own healthy Greek snack.

## Art:

Children will learn different types techniques that can be used with oil pastels and will use these to design their own Greek vases.

## How can you help at home?

- Read with your child at least 3 times a week
- Help your child learn their times tables – TTRS/URBrainy
- Practise their spellings at home – Spelling Frame
- Support your child with their weekly homework - LBQ

## Maths:

In Maths, children will be studying lots of topics this term including:

Fractions, Decimals, Money, Time, Shape and Position & Direction. We will also focus on mental arithmetic and continue learning our Times Tables in preparation for our MTC.

## Computing:

Dancing Robot: children will learn all about coding. Using, Scratch Jnr, they will learn all about coding, algorithms, inputs and outputs, commands, bugs and debugging and use all of this to make their Robot Dance! Children will also need to complete a set of coding challenges.

## PE:

Indoor – Children will learn a range of yoga poses and how to sequence them in a flow.

Outdoor – Children will learn the magical rules of Quidditch or the children will continue with their Swimming lessons.

## History:

How Have the Ancient Greeks Left Their Mark? In this topic, children will gain an understanding of where and when some key events during the ancient Greek period took place. They will explore what life was like for different people and the different elements of daily life. Children will learn about the birth of the Olympics and explore how, towards the end of the ancient Greek period, Alexander the Great grew an empire.
