April 2026

## Message from Mrs Smart...

**We hope you have all had a lovely Easter break. Welcome back!**

### **Attendance and Punctuality**

We are working hard in school to encourage children to be attendance 'HEROs' every day! (Here, Every day, Ready to learn, On time). We understand that children will pick up illness and encourage you to contact the school office in the case of any absence this allows the correct code to be added to the register.

First Day calling can sometimes take an hour to conduct for staff in school. We need to work together and urge you to ring and leave a message or contact your class team on the seesaw app in the event of absence.

Please ensure children are here on time each day. The school gate opens from 8.40am-8.50am and registers taken at 8.55am. We are currently below the national average (95%) for our school attendance which is currently 93%. Let's work hard to improve this together.

We have started the new attendance reward system in school – Spin the Wheel! Classes who achieve higher than 95% each week get to spin the wheel in assembly and win an award.

Adswood Primary, Garners Lane, Adswood, SK3 8PQ

## **Children's learning**

A wealth of information is found on our school website about the learning that takes place in our school. Please spend time looking at our website to gather information and look at ways you can support your child's learning at home.

## **Governors**

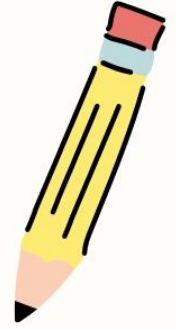

We have a very active, supportive group of Governors that attend meetings in school every half term to focus on school improvement. The Governors also visit school to observe lessons, deliver lessons, support on trips and discuss improvements across school from budgets to learning. Please find the pen portraits of our Governors in our Governing body section on the website

## **Key Stage 2 Playground**

We have been successful in funding for the development of our KS2 playground through the Victorious Trust. We will be starting work on the new play equipment at the end of April. Please be mindful of this work being done onsite at drop off and collection times. The areas of work will be taped off.
