

# What does 'Art' look like at Adswood Primary?

## 1. Progression of Learning

| Art: Key Stage 1                                                                                                                                      |                                                                                                                                                                                               |                                                                                                                                                                                                          |                                                                                                                                                                                             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Using Materials                                                                                                                                       | Drawing                                                                                                                                                                                       | Use colour, pattern, texture, line, form, space and shape                                                                                                                                                | Range of artists                                                                                                                                                                            |
| <ul style="list-style-type: none"><li>use a range of materials creatively to design and make products</li></ul>                                       | <ul style="list-style-type: none"><li>use drawing, painting and sculpture to develop and share their ideas, experiences and imagination</li></ul>                                             | <ul style="list-style-type: none"><li>develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space</li></ul>                                         | <ul style="list-style-type: none"><li>Study a range of artists, craft makers and designers</li></ul>                                                                                        |

| <ul style="list-style-type: none"><li>know how to create a printed piece of art by pressing, rolling, rubbing and stamping</li></ul>                  | <ul style="list-style-type: none"><li>choose and use three different colours</li></ul>                                                                                                        | <ul style="list-style-type: none"><li>how to mix paint to all the secondary colours</li><li>to create brown</li><li>to create tints by adding white</li><li>to create black by adding black</li></ul>    | <ul style="list-style-type: none"><li>suggest how artists have used colour, pattern and shape</li><li>know how to create a piece of art in response to the work of another artist</li></ul> |

| Knowledge Organisers: Year 1 |                                                                                                                            |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Word/Term                    | Meaning                                                                                                                    |
| cut                          | To cut material with scissors. You can cut a line you have drawn or use the scissors to make different shapes or patterns. |
| roll                         | To curl and roll material to change the shape to round.                                                                    |
| coil                         | To arrange or curl a material into a smaller, more compact shape.                                                          |
| primary colours              | red, blue and yellow<br>Three colours which cannot be made from other colours.                                             |
| secondary colours            | orange, purple and green<br>Three colours that can be made from mixing two primary colours.                                |

Knowledge organisers and National Curriculum objectives are used throughout KS1 and KS2 to ensure progression of learning and national curriculum coverage. Learning follows a clear sequence in each year group and throughout school. Learning is divided into four main areas, **Using Materials, Drawing, Use Of Colour/Pattern etc and Range of Artists** so that a range of different skills can be built up.

Knowledge organisers have been introduced in September for each year group. All key skills which have been outlined in the National Curriculum have been explained here in child friendly terms with the addition of images to provide visual examples.

## 2. Whole School Overview

| Adswood Primary School                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Art and Design Long Term Planning                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |
| CONCEPTS: Initial Lesson/appraisal of artwork                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |  |
| <b>CONTENT</b><br>This concept asks children to think about what the artwork is about.<br>Is it realistic? Who is it about? What is it about? What message, if any, does it convey? Is it exaggerated? Distorted? Hidden meanings behind the colour choice, main ideas, symbols or simply in the style it has been created in. Does the period throughout history? Children are given time to analyse and appreciate a single piece of artwork rather than the whole.                                                                                                                                            |  |
| <b>COMPOSITION</b><br>This concept asks children to think about the composition of artworks and how they have been arranged.<br>How are all of the elements put together? How are shapes/figures positioned? Consideration may be given to dominant/control colours or shapes. Is there a focal point? Do all components link together seamlessly or do some seem more important? Consider if there are any recurring shapes, lines or forms which determine the layout.                                                                                                                                         |  |
| <b>CREATION</b><br>Children will discuss how has this artwork been created.<br>What tools, materials, techniques and processes have been used? What may have led to this artwork? Did this piece build up from a point? Would this have been quickly created or would it have developed over a long time? Developed in clear stages? What stages did the artist go through and how? What skills have been used? Consider line drawing, shading, painting, cutting, shaping, rolling, printing, collage, tearing, sewing, moulding.                                                                               |  |
| <b>CONNECTIONS</b><br>This concept explores what mood has been created within this artwork.<br>How does this artwork speak to you? Do you like it? Why/why not? Do you like elements of it but not the whole piece, or are there any particular parts that you don't like about it? Does it remind you of anything else? What thoughts, feelings and emotions does this give you? How does it make you feel? How do you think the artist was feeling when they created this artwork? Consider if this artwork is celebratory, quiet, happy, aggressive, peaceful, dominant, subtle, happy/sad, messy/controlled. |  |

All staff are encouraged to choose from a wide range of global artists, both modern and historical. Consideration must be made about the gender, social and economic background and style of artists we expose our learners to.

All lessons follow a set format which starts either with a specific skill to be taught (taken directly from the NC) or a chosen artist intended to inspire our young learners. We have a clear whole school overview to ensure all national curriculum objectives are being met. We have moved towards a 4C structure for the teaching and learning sequence, **CONTENT, COMPOSITION, CREATION and CONNECTIONS** to enable to children to fully explore a piece of art, think how it has been created and why before imitating the specific style or taking ideas from the original.

### 3. Learner Voice

Learner voice informs staff that pupils are being introduced to a range of art experiences, from specially chosen artists to working with specific mediums.

Learner Voice indicates how our children see their successes and offers invaluable suggestions about how to improve lessons to meet the interests of the children.

### 4. Art Sketchbooks

Every KS1 and KS2 child has their own sketchbook which showcases the pupils' learning. It evidences national curriculum coverage, as well as the decision making processes the children go through to achieve their final outcome. These sketchbooks show progression of skills throughout a unit before the children reach their final outcome.

Children are encouraged to annotate their sketches to express their feelings about the effectiveness of their work.

Children's sketchbooks can become an immediate display piece showing IMPACT around school. Clip boards in the entrance hall means that positive examples can instantly be celebrated, giving the children a sense of pride.

## 4. Theme Week - Amazing Artists.

During the spring term, all children across the school engaged in 'Amazing Artists' by producing individual outcomes in response to three world famous art pieces. The Powerpoint slides were shared with the opportunity for year groups to respond with their own chosen form of art. Our in school art gallery was then created to showcase their outcomes.

## 5. Learning beyond the classroom Education.

We have had exciting VVE opportunities where learning beyond the classroom is brought to life. Examples include: Artist visits from Lucy Burgess and Rob Wilson. Children are encouraged to use the whole school surroundings, especially the Sunshine Garden to take photographs or as a calm space to work in.

Art is celebrated throughout our school with exhibitions in the entrance hall and Art Gallery.

To commemorate VE Day this summer, six pieces of artwork were showcased in Stockport Art Gallery as part of an open exhibition which allowed our children to see themselves as real artists.

## 6. Self and Peer Assessment

Where possible, we aim to allow pupils to self and peer assess their own work and that of their peers in order for them to see where they have made errors and self correct them and make suggestions for their peers. This is displayed in our marking and feedback policy and will be labelled in pupils books as SA/PA.

Throughout art lessons, children are encouraged to walk around the classroom to view the outcomes of their peers and appraise each others art work.

## 7. Staff CPD

Next year, year group teams will be given the opportunity to either plan with the Art Lead or be supported in class.

Art Lead attended an art workshop in spring to understand the processes the local artist, 'Kate O'Brien' goes through in creating her unique art.

## 8. Inclusive pedagogy

Adaptive teaching strategies are predominantly outcome led. All learners of varying abilities are able to thrive in our art lessons. Key skills are taught to the whole class though scaffolded images are offered to support learners where necessary.
