1. Aims

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

2. Legislation and guidance

This document meets the requirements under the following legislation:

- [The Equality Act 2010](#), which introduced the public sector equality duty and protects people from discrimination
- [The Equality Act 2010 \(Specific Duties\) Regulations 2011](#), which require schools to publish information to demonstrate how they are complying with the public sector equality duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: [The Equality Act 2010 and schools.](#)

This document also complies with our Trust's funding agreement and articles of association.

3. Roles and responsibilities

Our governing body will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout our school, including to staff, pupils and parents
- Ensure that the published equality information is updated at least every year (pupil population), and that the objectives are reviewed and updated at least every 4 years
- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the headteacher
- Ensure they are familiar with all relevant legislation and the contents of this document
- Attend appropriate equality and diversity training

Our headteacher will:

- Promote knowledge and understanding of the equality objectives amongst staff and pupils
- Monitor success in achieving the objectives and report back to governors
- Identify any staff training needs, and deliver training as necessary

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 10.

4. Eliminating discrimination

Our school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting, it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training.

5. Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, our school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)

- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, our school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)
- Publish further data about any issues associated with particular protected characteristics, identifying any issues which could affect our own pupils

6. Fostering good relations

Our school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Having lessons and holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies, and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within our school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in our school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality considerations in decision-making

Our school ensures it has due regard to equality considerations whenever significant decisions are made.

Our school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, our school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

Our school keeps a written record (known as an Equality Impact Assessment) to show we have actively considered our equality duties and asked ourselves relevant questions. This is recorded at the same time as the risk assessment when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored electronically with the completed risk assessment.

8. Our school community

In addition to pupils with protected characteristics as defined in the Equality Act, our school gathers further information on the following groups of pupils which includes our socio-economic duty:

- Pupils eligible for Free School Meals (FSM)
- Pupils with Special Educational Needs (SEN)
- Pupils with English as an Additional Language (EAL)
- Young carers
- Looked after children (LAC)
- Children of members of the armed forces

As it may be possible to identify individuals from the information provided when the number of pupils with a particular characteristic is low and the information is special category information, the information will be excluded from publication but will be taken fully into consideration when developing and determining our policies, procedures and equality objectives.

- **Sexual Identity** - The school did not have information on whether any of the pupils on roll identified as Lesbian, Gay, Bi-sexual or Transgender (LGBT+) as the question had never been asked. The school agreed to seek further advice and guidance from local and national specialists on how and when to ask pupils this question and how to use the data sensitivity when collected.

As our school has fewer than 150 members of staff, we are not required to publish data about our staff. However, employee-related statistics for our Trust will be published centrally to

demonstrate that we are complying with the general duty. When doing this, our Trust will be aware of the data protection rules, ensuring individuals are not identified through the publication of data.

9. Equality Objectives

OBJECTIVE: Ensure pupils and families from minority ethnic backgrounds feel a strong sense of belonging

Why we have chosen this objective: Only 4.2% of pupils are from non-White British backgrounds. In a predominantly White British school community, it is essential to ensure that all children and families feel seen, valued, and included.

To achieve this objective we plan to:

- Audit curriculum and enrichment activities to ensure diverse representation.
- Celebrate cultural heritage through assemblies, displays, and Trust-wide events.
- Engage directly with families from minority backgrounds to understand their experiences and needs.

Outcome: Increased visibility of diverse cultures across school life and positive feedback from families and pupils about inclusion and belonging.

Progress we are making towards this objective:

Curriculum audit scheduled for Spring 2026. Planning underway for a cultural celebration week. Pupil voice activities to be launched in PSHE and School Council.

OBJECTIVE: Raise attainment for pupils eligible for Pupil Premium

Why we have chosen this objective: 15.7% of pupils are eligible for Pupil Premium. While this is in line with national averages, internal tracking shows gaps in attainment and enrichment access.

To achieve this objective we plan to:

- Embed targeted interventions through the Pupil Premium Strategy.
- Monitor progress, attendance, and enrichment participation termly.

Outcome: Increase Pupil Premium pupil participation in enrichment activities by 25%.

Progress we are making towards this objective:

Pupil Premium priorities reviewed and enrichment tracking introduced.

OBJECTIVE: Ensure we maintain a professional workforce.

Why we have chosen this objective: We want all staff to feel valued and be able to realise their full potential and have identified requirements through a trust-wide survey.

To achieve this objective we plan to:

- Ensure that all staff are given the opportunity to access all developmental opportunities.
- This includes internal and external CPD as well as taking on leadership roles within our school setting and we will be looking at Trust-wide opportunities.
- We aim to have professional development pathways in place for all.

Outcome: To have a professional workforce that feels valued and treated fairly in accessing training and development opportunities to further their professionalism.

Progress we are making towards this objective: In February 2021, a Trust-wide survey took place that gathered views from all staff. The results have been used to identify barriers highlighted by staff in relation to career progression and we are working collaboratively with other schools in our Trust to create accessible professional development pathways.

OBJECTIVE: Maintain zero exclusions and strengthen inclusive practice for pupils with SEND

Why we have chosen this objective: There have been no exclusions, and we aim to sustain this while ensuring pupils with SEND receive proactive regulation support.

To achieve this objective we plan to:

- Continue proactive behaviour support and regulation strategies.
- Embed SEND-specific CPD and strengthen early intervention.

Outcome: Increase staff confidence and consistency in inclusive behaviour management.

Progress we are making towards this objective: Additional support deployed in response to regulation needs.

10. Monitoring arrangements

The Headteacher will update the equality information we publish at least every year.

This document will be reviewed by the governing body and Headteacher at least every 4 years.
