ACCOUNTABLE LEAD/ POLICY AUTHOR: Charlotte Stanley, SENCO

PLAN OBJECTIVES

The objectives of this plan are:

- To reduce and where possible, eliminate barriers to accessing the curriculum and to enable the full participation of pupils, and prospective pupils, with a disability in Ravenbank Primary School
- To improve the physical environment of the school to increase the extent to which pupils with a disability can take advantage of education and associated services
- To improve the delivery of information to pupils with a disability and parents.

Ravenbank Accessibility Plan 2025-27

Purpose of the plan

This plan shows how Ravenbank Community Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors. Ravenbank Community Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

Ravenbank Community Primary School

At Ravenbank Primary School, we believe that every child should have access to a broad, balance, relevant and differentiated curriculum. This should take account of their individual strengths and needs and should allow each child to fulfil their potential. Improving teaching and learning, lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes. It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits. To this end, we have drawn up our own Accessibility Plan.

The Accessibility Plan

The Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. Under the Equality Act 2010 all schools should have an Accessibility Plan. It also draws on the guidance set out in "Accessible Schools: Planning to increase access to schools for disabled pupils", issued by DfES in July 2002.

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools and must be approved by Governors and reviewed every three years.

According to the Equality Act 2010 a person has a disability if:

- a) He or she has a physical or mental impairment, and
- b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.

As previously mentioned the Accessibility Plan will be drawn up to cover a three-year period and will be updated annually. It will contain relevant actions to:

- Increase access to the **curriculum** for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are able - bodied pupils. This covers teaching and learning and the

wider curriculum of the school such as in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
- Improve and make reasonable adjustments to the delivery of the **written information** to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and events. The information should be made available in various preferred formats within a reasonable time frame.

Plan Availability

The School makes the Accessibility Plan available in the following ways:

- A copy is posted on the school's website
- Paper copies are available from the school office

Objective 1: To reduce and where possible, eliminate barriers to accessing the curriculum and to enable the full participation of pupils, and prospective pupils, with a disability in Ravenbank Primary School.

Our current position:

- Liaising with external service and agencies regarding individual pupils (physical, sensory, learning, behaviour).
- Using specialist teachers to support learning and to give pastoral and inclusion support.
- Organising Teaching Assistant (TA) deployment to support all four areas of need.
- Ensuring that where appropriate, pupils have access to national and internal assessments facilitated by provision of extra time, readers etc.
- Provision of a bank of specialist resources, available to support individual pupil needs.
- Setting clear learning objectives that are appropriately differentiated for individual pupils.
- Ensuring that parents/pupils are included in the target setting process.
- Encouraging the use of clear, well-presented visual aids to support learning of all pupils.
- Taking full advantage of the opportunities available outside school to provide educational visits that are accessible to all pupils.
- Developing a restorative approach ethos within school.
- Using a range of teaching methods and styles to facilitate access for all pupils: for example, appropriate use of language, questioning techniques, individual, pair and group work. (visual/auditory/kinaesthetic).
- Using skilled TAs to support learning where needed.
- Buddy schemes to support vulnerable pupils.
- Making every effort to enhance inclusion at all times.
- Creating a culture of understanding and tolerance, so that all ability groups and all disabilities are accepted as part of our school community.
- Development of mutual support and understanding between colleagues when working with pupils with challenging disabilities, using external support such as the SEMH hub to support this.
- Work completed as part of the Beam Trust on Quality First Teaching Strategies and Visual Learning for all curriculum subjects.
- Implement the use of a points-based behaviour system for those children who require it
- Use of Zones of Regulation and My Happy Mind to promote independence within emotional regulation strategies
- 'No outsiders' approach added to PSHE scheme of work
- Consistent collaboration with the HI team to support pupils with hearing impairment
