SCAN ME

This week, **4JJ** and **4ML** visited **Wepre Park** in North Wales as part of their ***Misty Mountain, Winding River*** topic. During the trip, they applied their knowledge of rivers by exploring the tributaries that feed into the River Dee. They identified features such as meanders, weirs and river banks, and investigated how erosion, transportation and deposition move sediment downstream.

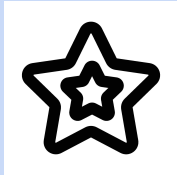

Hub 2 (SA)

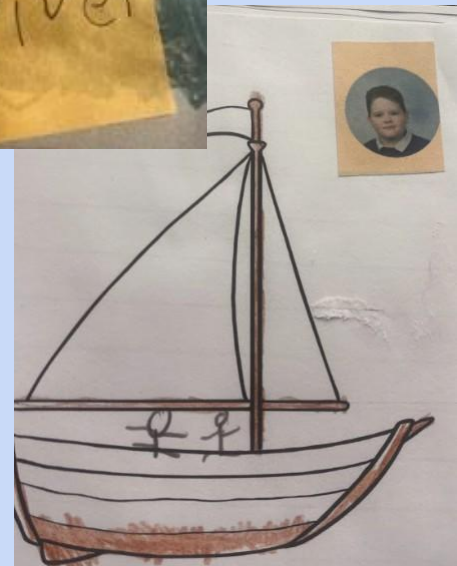

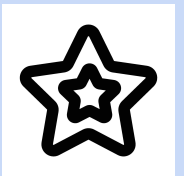

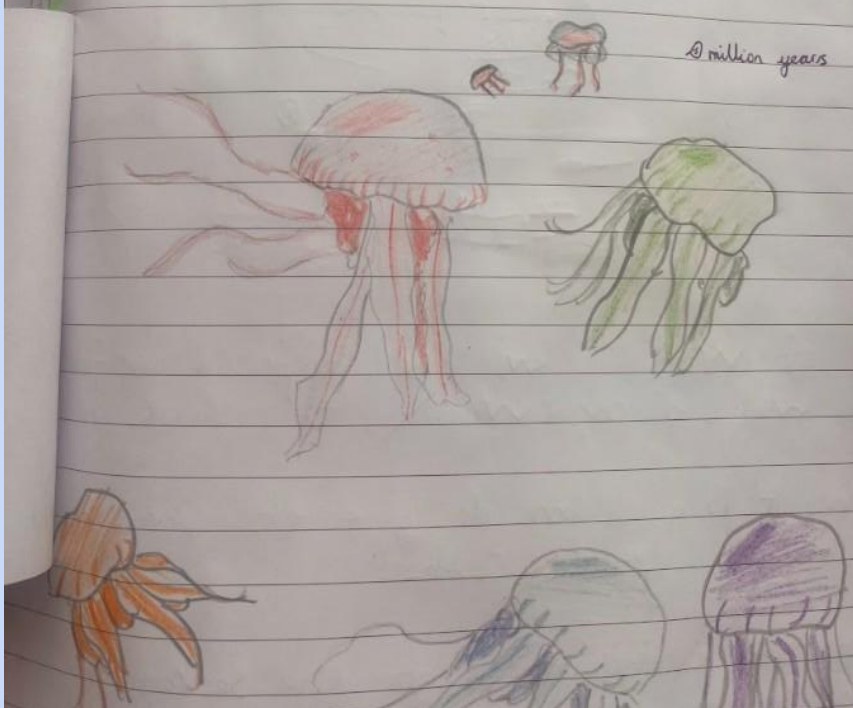

This term, we have been enjoying 'A River' by Marc Martin.

my king whale is black and it has water splashing out of his round water hole!
What does the cool whale live? His strong tail is wailing at me.

My jellyfish has long tall tentacles that sting animals to threaten them! Her jellyfish body jiggles like jelly. Her body is made out of water and it changes in the indigo blue water!
Did you know the old jellyfish is 500 million years

Easter Egg Run

2026

Our annual Easter Egg Run will be taking place at the end of this term. As the weather is improving it's an egg-cellent time of year to be outdoors and become active once again! Pupils will run a set course and be challenged to beat their personal best distance in the Spring sunshine. All children taking part will receive a chocolate egg and a certificate to celebrate their cracking athletic efforts.

Parents and carers are welcome to join in the fun and come along to support all the children along the route. Easter-themed head wear and outfits are encouraged!

Please scan (and share) the QR code below to make an electronic sponsorship donation.

All donations are gratefully received and will help school with the outstanding final payment on our new school minibus.

Alternatively, please send any sponsorship cash donations to our school office in a clearly marked envelope with your child's name, class and amount raised,

Thank you for your ongoing support!
