DO TRY THIS AT HOME

Issue #25

Featuring: Marvin and Milo

What you need: • Some water
• A clear plastic water-tight bag • Some pencils

Push a pencil through the bag.

The bag doesn't burst because the plastic stretches rather than tears, as the pencils are pushed through it.

If you take a pencil out, you can plug the leak simply by putting it back through the holes ...MILLO!

Then another... and another.
